A SELECTION OF THE 25TH ANNIVERSARY SALE SIRES

WHAT WE DO AND HOW WE DO IT.

At Winrae Dorpers we breed for Fertility, Hardiness, Survivability and Sheep that are Structurally Sound. We do this by using nature's tough selection process and then combine it with our extensive experience to breed Dorpers that can perform and survive.

Winrae Dorpers are naturally joined and we often use syndicate mating's to let the rams perform as they would in the wild. We DNA test all progeny to ensure our genetic lines. We breed with a commercial focus for profitable success for our clients and have been breeding Dorpers for 25 years this year!

With over 60 years combined hands-on experience between us, as graziers, we are in touch with the land and our livestock needs and how stock perform in varied environments. Having raised Dorpers on Country in Outback NSW, Northern NSW and Central NSW, our management hasn't changed from each property and we still operate the same at Bundarra as we did in the Outback.

Our grazing principles of a low cost, low input, rotational grazing system work in Semi-Arid environments to High Rainfall Climates and our Dorpers are bred to survive in any of these environments, raised on grass country so they will adapt easily to any area.

We are focused on Regenerative Agriculture and Low Stress Stock Handling and Breeding Dorpers for the Australian Environment.

We are both Qualified Dorper Judges and Inspectors and are happy to pass on our knowledge and experience and also happy to learn new things from other Dorper Breeders and Inspectors.

We are a family owned and operated Stud, with Nick and Mel operating day to day work and any of our Sons or Daughter, Billy, Jack, Pete or Grace helping when they are home.

WHY BUY WINRAE DORPERS?

Our Rams and Ewes are Performance recorded with Lambplan, are Visually Assessed with Classmate and an Independent DSSA Inspector and are also DNA Tested for full parentage and genomics. All Sale Ewes are scanned in Lamb, as we believe ewes should be sold fertile and performing!

We breed Dorpers that are Bred and raised Naturally, run on grass country to grow as nature intended and with a moderate frame that will enable Dorpers to reproduce and turn off quick maturing progeny for your benefit in your operation, whether it be Stud or Commercial! Our services provided to clients also include classing and breeding management advice and guidance.

WINRAE DORPERS SALE INFORMATION

SELLING AGENT

Nutrien Russell, 37 Linsley Street, Cobar NSW 2835
David Russell: 0418 636 050
Email: david.russell@nutrienrussell.com.au

REBATES

2% Rebate to outside agents

To claim a rebate, a letter of introduction needs to be emailed to David Russell, 24 hours prior to Auction, or in person on Sale Day.

SELLING SYSTEM

Sale of rams and ewes will be conducted on site and is also interfaced with Auctions Plus, with live Audio. Each Lot will be sold separately. Please register online at <https://auctionsplus.com.au/register> at least 48 hours prior to the sale.

VISUAL EVALUATION

Winrae Dorpers Sale Rams and Ewes, are selected by Nick and Mel and we are proud to make them available for Sale with the following visual assessment systems we use:

DORPER TYPING SYSTEM - Christo Harmse, an independent DSSA Dorper Inspector, visually assessed rams and ewes, under the Dorper Breed Standards for correct information and carcass traits, on 11/02/24.

CLASSIMATE - Visual Data Assessment App, is also utilized to give you specific information on the rams and ewes conformation. This is presented with a score and a visual graph to identify where the strengths and weaknesses are, of each individual ram. Both systems used together give the purchaser confidence they are making the right choice.

SEMEN RIGHTS

WINRAE DORPERS reserves the right to collect semen from any ram offered, for use within own flock (unless otherwise stated). This collection of semen is to be done at the convenience of the purchaser and at the cost of Winrae Dorpers.

OWNERSHIP & INSURANCE

Ownership of the ram/s falls to the buyer at the fall of the hammer. Insurance of rams against injury or death including during transit is the responsibility of the purchaser.

Please insure your rams against loss of use and transit insurance from the fall the hammer on sale day. For information on Nutrien Insurance please see the Nutrien Livestock Specialist at the Sale Desk.

Transit insurance is available upon registration at buyers cost. Of course, we look after the animals to the best of our ability, but accidents can happen.

DELIVERY

We take care in the efficient delivery of all stock after the sale. Nutrien agents will be handling the delivery of rams & ewes after the sale.

NO STOCK WILL BE LOADED UNTIL AFTER THE SALE IS COMPLETED!

FREIGHT AND TRAVEL

We are willing to hold animals for a reasonable period to allow for coordination of transport to their new home. We can provide recommendations of suitable stud stock carriers and will assist wherever we can for safe and efficient transport of animals to your home property. All due care will be taken for the safety and health of your purchased rams and or ewes prior to pick up or delivery, however, to protect your purchase, you may wish to consider insuring your rams and ewes from the conclusion of the sale. *Ask us about our free delivery runs to major areas in QLD and NSW.*

WINRAE DORPERS SALE INFORMATION

GUARANTEE

Any ram which proves to be structurally unsound, infertile, or incapable of service (not resulting from an accident), is guaranteed for 1 year. The guarantee shall apply providing the rams incapacity is not caused by injury or disease contracted since leaving WINRAE DORPERS. If any ram does not possess reasonable fertility, although not totally infertile, an agreed veterinarian can be used to ascertain the status. The guarantee covers the purchase value of the ram or ewe. This does not cover infertility due to injury, misadventure or disease contracted since the sale of the ram or ewe. Insurance covers this. A veterinary certificate may also be requested at the vendor's discretion.

The ewe or ram shall be returned in the event of an animal failing to breed and either be replaced with an animal of comparable value or credit to the full purchase price will be given at the following sale or on a private sale animal (if available).

LUNCH & REFRESHMENTS

Refreshments are provided by our Local NAB Agribusiness Inverell and food is provided by Winrae Dorpers in conjunction with Victoria Hill Lamb. Victoria Hill Lamb have kindly donated Lamb burgers and Lamb Sausages for you to enjoy whilst looking at our lovely Dorpers!

Stay and join us after the sale for refreshments if you aren't in a hurry to get home!

SALE EWES

All Sale ewes are scanned in lamb and have been syndicate mated to two bloodlines. Stormy Sons Syndicate of Tornado and Lightning -Sire Amarula Stormy or Thor Sons Syndicate of Black Panther and Elvis. All lambs from Sale ewes will need to be DNA tested for Sire parentage and Winrae will cover these costs at our expense. We will send the appropriate testing equipment to buyers and then run the samples with ours to get tested, all at our expense. Results are generally prompt.

WINRAE THOR 200149

Thor is a Proven Sire that has had a huge Impact on our Stud in the past 3 years. We started using Thor at 10 months old as we could see the huge potential he would bring and the influence he has had on our breeding has produced a Line that is very Outstanding and recognisable!

Thor breeds, length, depth, width and weight, all from a sound structured heavy Ram. His progeny continually top sales and are highly sort after!

WINRAE LOKI 200124

Loki is a twin Half Brother to Thor and breeds to type, long, heavy muscled Rams and feminine, fertile ewes that are very balanced. Loki is still breeding here at Winrae and his progeny have proven very popular at Sales! Loki has a line that is very recognisable and consistent and breeds heavy bone, muscle

and great fat cover. His progeny has topped multi State Sales and gained Grand Champion Rams and Ewes in the Show rings for clients!

WINRAE ODIN 215101

Odin is a triplet out of Thor and has been breeding well, the oldest out of his progeny are in this sale in the 2023 drop rams. Odin has plenty of length, bone and is a Full Shedder. He has a good temperament and is breeding that on.

We have retained sons and daughters of Odin in the stud and are excited to see what we can produce with them!

WINRAE DORPERS SIRE

WINRAE WEAPON 215021

Weapon is a son of Tuckeroo Tank, an outside bloodline to complement our genetics.

Weapon has produced sleek shedding, balanced progeny that have his masculine head, depth of barrel and type.

He breeds slick coated, feminine daughters which are an asset to our stud.

WINRAE CAPTAIN 200105

Captain was used in 2021 at only 9 months and bred some outstanding progeny. Captain is a half brother of Thor and Loki and was selected for his strong Dam's line as well. Captain has a huge barrel, plenty of depth and a very muscular head. His daughters are breeding on those same qualities. One of his sons was sold last year for \$6500 at the eastern Region Sale in Dubbo to a QLD stud.

WINRAE WHIRLWIND 200171

Whirlwind is a half brother to Captain and was chosen at a young age for his huge length and bone and wetness (fat cover on carcass). Whirlwind progeny are heavy but free moving and long! A combination that is hard to get! Whirlwind was sold to a NSW stud at the Eastern Regional Sale in 2022 and is breeding successfully for them.

WINRAE BAZOOKA 200187

Bazooka is an outstanding line bred from Tuckeroo Tank 170133 and breeds quick maturing progeny that are balanced. Bazooka is an all round breeder with his sons and daughters making top prices at sales last year to both studs and commercial buyers.

Bazooka was sold to a stud in QLD in 2022.

WINRAE TORNADO 225280

Tornado is an exceptionally long, deep, sleek coated son of Amarula Stormy (who we purchased in 2021). Tornado has been breeding his heart out here and progeny are weaned and looking great!

Tornado has just been pulled out of the ewes on 23rd of January from a syndicate mating

with Lightning and he is raring to go again! Weighing in just over 100kg straight after joining!

WINRAE LIGHTNING 225281

Lightning is a Twin and half brother to Tornado and has length, balance and plenty of rump! With progeny weaned and looking unreal, he has been out joining again and just pulled out of the syndicate ewes he was sharing with Tornado. Weighing in at 105kg in his work clothes.

WINRAE BLACK PANTHER 225258

Black Panther is a twin from Thor and has the typical Thor traits of length, depth and plenty of meat!

Black Panther has been out working since he was only 10 months old and his weaners are showing the typical strengths of the Thor line!

Black Panther has just been pulled out of ewes on the 23rd of January in a syndicate with Elvis and he is still weighing 116kg in his work clothes.

WINRAE ELVIS 225302

Elvis is the youngest sire in the list!

With the cracking good looks of his sire Thor and the outstanding traits of Loki as his half brother and uncle, Elvis is the evidence of line breeding at its best!

He is the King of Cool, with an awesome temperament, masculinity, length, depth and

the qualities of the best of our sires in one ram. Elvis lambs are weaned and showing great type already!

Elvis is weighing in at 115kg straight out of the ewes!

Thank you!

We extend a heartfelt thank you to everyone who participated in the sale, whether as successful purchasers, underbidders, or attendees. We genuinely hope that your purchases bring you success. To those who traveled to be here, your presence is truly appreciated, and we recognise the time and effort you've dedicated. Wishing you all a safe journey back home.

Thank you all for your support through the good seasons and the tough ones over the past 25 years. We couldn't do it without your support as clients and friends!

Nick and Mel Pagett
