# WOODBOURN MURRAY GREY SALE

A.B.N. 87 605 256 807

EST. 1969

## 45th Annual Production Sale

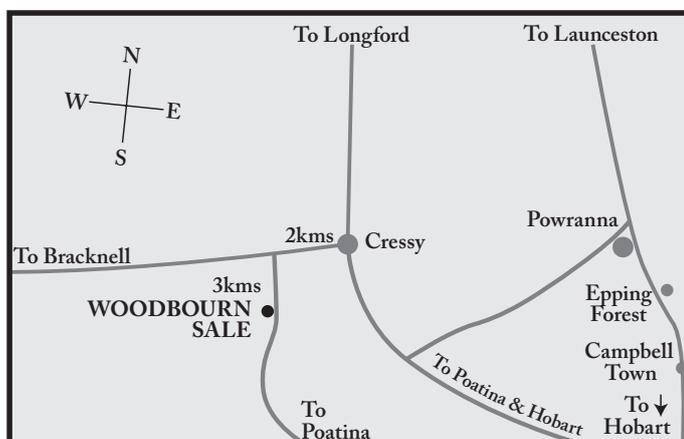

Live on farm auction  
interfaced with AuctionsPlus

Monday 25th March 2024 at 12.30pm

Offering: 40 Bulls • 30 Females

PLEASE BRING YOUR CATALOGUE TO THE SALE  
AS THERE WILL BE LIMITED SPARE COPIES AVAILABLE

HOW TO GET THERE (Woodbourn is 20 minutes from Launceston Airport)  
Address: Woodbourn, 390 Saundridge Road Cressy, Tasmania

From the north, north west and north east  
Get to Longford and travel due south through to Cressy (10kms). Turn right between the church and the school and travel 2 kms. Turn left and travel for 3kms. Sale is on your right.

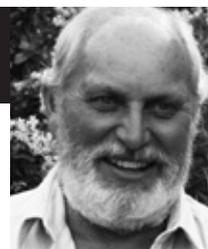

From the South  
Get to Epping Forest and continue 10km to Powranna where the sign directs you to Cressy. Continue on this road (21 kms) to a T section. Turn right to Cressy and then left between the church and the school in the Cressy township. Proceed 2kms, turn left and travel 3kms. Sale is on the right.

Charles and Janet Wallace

55 years of breeding  
Murray Greys

# WELCOME

Welcome to our 45th Woodbourn on farm production sale. As you may or may not know, we have been breeding these wonderful cattle since 1969. Over the years, we have had many return buyers, some for over forty years or more, and we thank all those supporters of Woodbourn for their ongoing loyalty and friendships.

There are some interesting aspects to the cattle this year, that I would like to draw your attention to. The physical quality of the overall offering continues to improve greatly each year, as it should, with the new genetics that we source from far and wide and the strict discipline with which we structure our breeding objectives.

To those who look for Breedplan, the continual strength in the Woodbourn carcass figures (especially the all important IMF), calving ease and growth traits is there to suit all requirements and markets. See Breedplan Charts on Page 6.

The Woodbourn cattle are run under commercial conditions, and have to work in with a large cropping and lamb fattening program. Grain is not fed to cattle, to ensure we comply with audits that require nil grain fed to stock. To help with raising cattle in a productive way, we have bred fat into the Woodbourn cattle for doability, for fattening and cow management. Sale bulls are readied for sale on grass (subject to rainfall, irrigated grass) and silage.

It is pleasing to note the cattle and sheep markets have taken a major lift and forecasts predict a much stronger year coming and a continuing upward trend.

I would appreciate if you would read the sale notes carefully. Myostatin NT821, health, travel incentive refunds and other important details should be noted.

We look forward to seeing you at Woodbourn. If you are coming by plane to the sale, it is strongly recommended that you travel the day before, as possible fog or delays can make timing difficult on sale day. The coffee cart and lunch will be provided as usual.

We thank you for your support of our cattle.

Regards

Charles and Janet

## **The Woodbourn Breeding Policy**

At Woodbourn we believe that breeding for structural soundness, an acceptable type and a quiet temperament, is the basis on which any successful breeding policy should be based. In selecting our breeding stock, we ensure they are well above breed average.

In addition, we have embraced the use of technology, with the incorporation of Breedplan into our program. Breedplan quantifies important economic traits such as birthweight, growth, milk, carcass and fertility, which assist in determining profitability. It beats guess work.

A word of caution; Breedplan does not select the best animal for all situations. That is the role of the breeder. In some environments or breeding systems, the animal with the highest figures may not be the most appropriate animal to buy.

## How to register as an AuctionsPlus user/buyer

1. To sign up to AuctionsPlus, fill in your details and create a security PIN.
2. Verify your email and phone number.
3. Follow the steps to verify your ID.
4. Enter your PIC number, ABN and business details if relevant.
5. Carefully read and accept our user rules and responsibilities.
6. Complete the user quiz.
7. Submit your request to our team.

[www.auctionsplus.com.au](http://www.auctionsplus.com.au)

(02) 9262 4222

NB: As the live bidding on sale day is in conjunction with the AuctionsPlus bidding system, it is imperative that bids on AuctionsPlus are made quickly to avoid issues with the time lag.

To bid from home on Auctions Plus you must register with Auctions Plus at least 2 working days prior to the Sale. Alternatively you can bid using your local Livestock Agent. We recommend if you are not familiar with using Auctions Plus that you use your local agent to do the bidding. There will be a live Audio feed of the Sale and Photos of all lots on the Auctions Plus Website.

If you would like to talk to an agent about this process, please ring Jock Gibson, 0418 133 595.

**Photos:** In keeping with Auctions Plus requirements, photos of all lots will be on the Auctions Plus site, and the Murray Grey Cattle Society website. (All photos of sale cattle are taken by Charles and Janet Wallace). Videos are available on Auctions Plus.

# WOODBOURN SALE NOTES

## 1. Rebate

---

A rebate of 4% will be paid to outside agents accompanying buyers on sale day, provided that they have nominated the buyer in writing 24 hours prior to the sale and settle on their behalf within 7 days of the sale. A rebate of 2% will be paid to outside agents who do not attend the sale, but who nominate a buyer at least 24 hours prior to the sale and settle on the buyer's behalf within 7 days. In all cases the agent must be nominated on the Buyer's Registration form. Please email [livestocktas@nutrien.com.au](mailto:livestocktas@nutrien.com.au).

## 2. Air and Sea Travel Refund Incentive

---

For those attending the sale from the mainland and King island, a 'travel refund' will be granted on plane/boat tickets up to the value of \$500. Each purchasing entity is eligible for one travel refund and to qualify, the lot purchased must be purchased for above \$6000 or more for bulls and mature females and above \$5000 or more for heifers. Furthermore, the refund can only be claimed on the day of the sale upon presentation of a plane or boat ticket by the attending purchaser.

This incentive is offered in good faith to assist a person to attend the sale. For those who purchase more than one lot, the travel refund will be granted on the first lot. Subsequent lots will still be eligible for the 'livestock transport' contribution, but the 'travel refund' is limited to one per purchasing entity. The vendor applies this refund at their discretion.

As per usual animals destined for the mainland or King Island will be delivered free of charge to Melbourne and King Island. Please refer to the 'transport' notes in 'Woodbourn sale notes' for details of the freight subsidy.

## 3. Livestock Transport

---

WOODBOURN WILL PAY THE FREIGHT TO MELBOURNE AND KING ISLAND ON ALL ANIMALS SOLD AT AUCTION EXCEPT COMMERCIAL CATTLE.

Free freight to the mainland and King Island is dependent on all cattle moving as one, as has been the case for many years. If sale cattle are moved individually, the purchaser will carry all expenses associated with freight.

**PLUS:** Woodbourn will contribute \$250 towards road freight from Melbourne on each lot bought at auction and which fits the criteria below. Bulls and mature females above \$6000 and heifers above \$5000.

This road subsidy will apply to lots which have not qualified for the Air and Sea Travel Refund Incentive offer in note 2 above.

## 4. Guarantee

---

All cattle are covered by the Woodbourn guarantee. The bulls are inspected and semen tested and are in the best possible health for the sale. In the unlikely event of a bull becoming infertile or incapable of natural service, within two years of the sale date, the vendor will supply a suitable replacement, if available, or credit the purchase price, less salvage without interest, costs or damages, to be used at the next sale on any one animal. This is on the provision that the problem was not caused by injury, disease or environmental factors after the fall of the hammer.

The first year 100% will be refunded less salvage, the second year 50% will be refunded less salvage.

Any claim must be accompanied by a veterinary certificate.

Woodbourn will not be held liable for loss of income in the event of empty cows.

Insurance is highly recommended and is your responsibility from the fall of the hammer.

We strongly recommend you observe your new bull when he is first introduced to the cows and if you have any concerns, please do not hesitate to contact us.

## 5. Morning tea and lunch

---

Please join us from 10.00am for morning tea and for lunch at 11.30am before the sale.

## 6. Western Australia

---

Woodbourn sale cattle qualify for entry into WA.

## 7. Group Breedplan

---

Murray Grey Group Breedplan has been used throughout the catalogue. All cattle are birth weighed, growth weighed and carcass scanned.

A comprehensive set of Breedplan figures is under each bull and female lot.

## 8. Feeding regime

---

All cattle have been raised under natural conditions with no grain or pellets. We are regularly audited as a "no grain" herd.

## 9. Feet

---

Foot trimming is not conducted at Woodbourn.

## 10. Animal Health

---

**Bulls:** All bulls have been vaccinated twice in the year prior to the sale with 7 in 1, Pestigard, and Vibrovax. We recommend booster shots on an annual basis.

**Females:** All adult cows have been vaccinated once in the year prior to the sale with 7 in 1 and Pestigard. Heifers have been vaccinated twice in the year prior to the sale with 7 in 1 and Pestigard.

We recommend booster shots on an annual basis.

# WOODBOURN SALE NOTES *continued*

## 11. Myostatin NT 821.

---

All sale bulls have been tested as non carriers of Myostatin NT821.

All calves at foot have been tested as non carriers of Myostatin NT821.

## 12. Pestivirus

---

All cattle on Woodbourn have been ear notched for Pestivirus and found to be negative, including all sale cattle.

## 13. Semen tested

---

All bulls were semen tested by Northern Midlands Veterinary Services and found to be sound for breeding.

## 14. DNA

---

All sale bulls and registered heifers have been DNA profiled and sire verified.

## 15. Joining sires

---

Lots 1 and 2 have been used in the spring as joining sires. Please take this into consideration when assessing these bulls.

## 16. Murray Grey Society stud registration transfers

---

All registered cattle are eligible for stud registration transfer. Stud transfers will not be issued on an animal under \$4000.

## 17. Inspection

---

Cattle may be viewed on Sunday 24th March from 2pm until 4pm, in their paddock and from 10.00am on sale day, 25th March.

## 18. Insurance

---

Please insure your purchase as the animal's ownership transfers on the fall of the hammer. We recommend Nutrien Insurance or Adrian Wright of Steadfast Insurance who will be in attendance on the day.

## 19. Stock travel

---

The agents will organise all cattle movements to the mainland and King Island. Woodbourn will deliver Tasmanian cattle upon request. The truck will be slightly bigger this year and there will be a different driver. Cattle purchased for delivery for northern NSW and QLD will be spelled in southern NSW before continuing north, if required.

## 20. Buyer's instruction slip

---

Please leave clear instructions, on the buyers instruction page, with the agents at the conclusion of the sale.

**Please write your first name, surname and phone number clearly.**

## 21. Safety

---

Under normal conditions our bulls and females are placid and quiet, however, care must be taken when inspecting sale animals as crowd pressure can alter their behaviour. Please do not crowd the bulls, and please ask for assistance if you would like a closer inspection, or are feeling at all nervous. Visitors enter the pens at their own risk. Children must not enter the pens at any time.

## 22. Supplementary sheets

---

Supplementary sheets will have weights, scrotal and frame scores prior to the sale.

## 23. GST

---

The cattle sold GST exclusive and will be invoiced with GST included.

## 24. Johnes status

---

Woodbourn is J BAS 6

## 25. Withdrawals

---

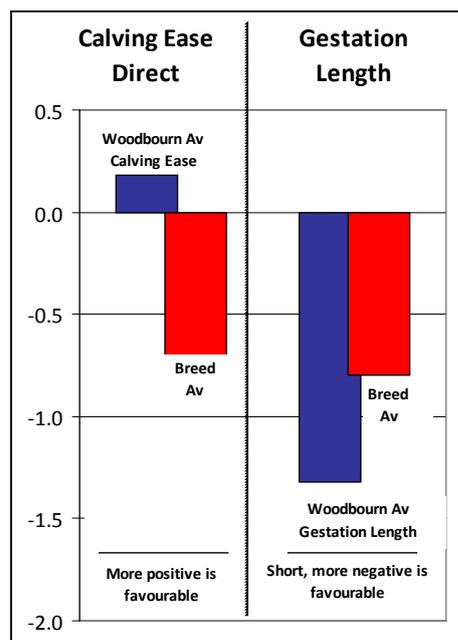

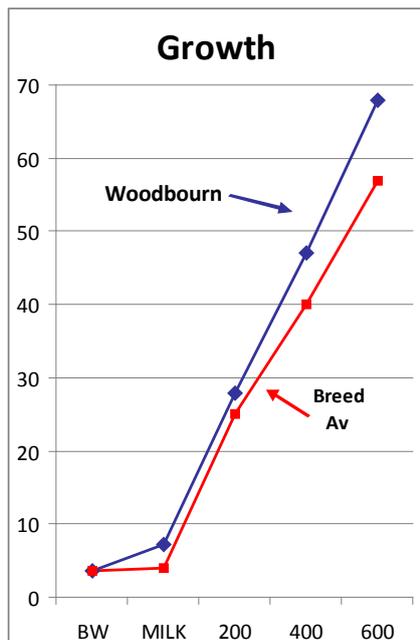

Cattle are only withdrawn from the catalogue on the advice of a vet, or injury.

## SALE CATALOGUE DISCLAIMER

All reasonable care has been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendor or the selling agents make no other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in this catalogue. You are encouraged to seek independent verification of any information contained in this catalogue before relying on such information.

## Woodbourn sale bulls average EBV's against Murray Grey Breed Average

## Understanding EBV's

An animal's breeding value is its genetic merit, half of which will be passed on to its progeny. The absolute value of any EBV is not critical, but rather the differences in EBVs between animals.

**Calving Ease EBVs (%)** are based on calving difficulty scores, birth weights and gestation length information. More positive EBVs are favourable and indicate easier calving.

**Gestation Length EBV (days)** is an estimate of the time from conception to the birth of the calf and is based on AI and hand mating records. Lower (negative) Gestation Length EBVs indicate shorter gestation length and therefore easier calving and increased growth after birth.

**Birth Weight EBV (kg)** is based on the measured birth weight of progeny, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth.

**200-Day Growth EBV (kg)** is calculated from the weight of progeny taken between 80 and 300 days of age. Values are adjusted to 200 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

**400-Day Weight EBV** This EBV is the best single estimate of an animal's genetic merit for yearling weight.

**600-Day Weight EBV** This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

**Milk EBV (kg)** is an estimate of an animal's milking ability. For sires, this EBV indicates the effect of the daughter's milking ability, inherited from the sire. For dams, it indicates her milking ability.

**Scrotal Size EBV** This EBV is an estimate of an animal's genetic merit for scrotal size.

**Eye Muscle Area EBV (sq cm)** is calculated from measurements from live animal ultrasound scans. More positive EBVs indicate better muscling on animals.

**Rib Fat and Rump Fat EBVs (mm)** are calculated from measurements of subcutaneous fat depth. Sires with low, or negative, fat EBVs are expected to produce leaner progeny at any particular carcass weight than will sires with higher EBVs.

**Intramuscular Fat EBV** Estimate of the genetic difference in the percentage of intramuscular fat at the 12/13th rib site in a 300 kg carcass. Depending on market, larger more positive values are generally more favourable.

**WOODBOURN  
MURRAY GREYS**

## EBV Summary for The Woodbourn Sale

A comprehensive set of figures is under each bull and female lot.

**WOODBOURN  
MURRAY GREYS**

# 40 Registered 'T' Bulls for Stud & Commercial Use

## LOT 1 WOODBOURN TRANSFORMER T23 (PB)

Born: 16/03/2022 Colour: Silver Tattoo: 4W T23

CUDGEGONG PARK BASS (GR1)  
THE GLEN BASS F104 (GR1)  
THE GLEN OPAL Z146 (GR2)

Sire: AYR PARK HUGH H77 (GR2)  
WOODBOURN X87 (PB)  
AYR PARK TRIAL & ERROR F92 (PB)  
JYNDARRA TRIAL & ERROR Y4 (PB)

MELALEUCA ECUADOR E267 (PB)  
MELALEUCA JACKHAMMER J115 (PB)  
MELALEUCA ESMERELDA E58 (PB)

Dam: WOODBOURN HEATHER (PB)  
GLENCAIRN TOP GUN W77 (PB)  
WOODBOURN MISS HEATHER A12 (PB)  
WOODBOURN MISS HEATHER X12 (PB)

NOTES: This bull is now regaining the weight he lost from having a full season of heifer joining at Woodbourn and is looking as impressive as he did when we selected him for this job. A very long smooth bull, who moves very well. A stylish bull with excellent figures to go with it. When you study the figures, you will realise why we used this bull over our young stock. We recommend him as a top sire. IMF in top 5%, rib and rump fats in top 10% and milk in top 1% of the breed.

Dam: WOODBOURN MISS CUPID M59 (PB)  
MELALEUCA GHANDI G112 (PB)  
WOODBOURN MISS CUPID K8 (PB)  
WOODBOURN MISS CUPID Z86 (PB)

NOTES: The second of the two bulls we are offering that we used over heifers this year at Woodbourn. This Nougat son is a very active worker, hence his lighter condition, compared to all the others in the catalogue. A long smooth bull that we had no worries putting over our 14 month old heifers. Moderate birth, very high growth and well above breed average carcass. We recommend this bull as a top sire. Rib and rump fats in the top 5% of the breed.

ONWARD JEREMIAH (PB)  
WOODBOURN MISS AGNES G42 (PB)  
WOODBOURN AGNES A44 (PB)

NOTES: Without a doubt, this bull is one of the picks of the team. He has a beautiful outlook, great length, thickness and shape. A very appealing bull. If we were out to buy a bull to improve our herd, we would certainly choose this bull as a herd improver. Please look carefully at his outstanding EBVs, as it is hard to find these bulls in the breed. 600 day in the top 5% of the breed.

### January 2024 Murray Grey BREEDPLAN

WARROOK HASSETT Q10+95 (PB) (AI)  
WOODBOURN HEATHER Y67 (PB)  
WOODBOURN HEATHER S39+97 (PB)

NOTES: Outlook and flair here in this extremely long bull, who holds himself very well. Very thick from the tip of his nose to the tip of his tail. This large hindquartered bull is well suited for stud use. This bull should attract a lot of attention, with his moderate birth, very high 600 day, exceptionally high milk figure and overall desirable carcass data. 400 day and 600 day in the top 10% and milk in the top 1% of the breed.

Dam: WOODBOURN GRETTEL N23 (PB)

WILTSHIRE XTRA SPECIAL (PB) (AI)  
WOODBOURN GRETTEL B3 (PB)  
WOODBOURN GRETTEL Y50 (PB)

NOTES: Absolutely outstanding bull for his age. A spring born bull who has heaps of growth, length, depth and muscle. This bull continues to develop day by day and stands up well against the autumn bulls. This is a cow joining only bull and he will produce outstanding females with good growth and milking ability. Certainly his physical softness is reflected in his carcass data. Very much a bull to look at seriously. 400 day and 600 day in the top 5%, IMF in the top 10% and milk in the top 1% of the breed.

### January 2024 Murray Grey BREEDPLAN

**Dam: WOODBOURN MISS JACINTA N122 (PB)**  
 NAWARRA BANANA BENDER (PB)  
 WOODBOURN MISS JACINTA J54 (PB)  
 SILVERGUMS JACINTA Z86 (PB)

NOTES: A very stylish young bull with heaps of length and outlook, who moves very well and exhibits shape and muscle. Tight sheath. He has exceptional figures, from birth to growth, and for those looking for softness in their cattle, this bull's carcass figures are very very good. Highly recommended. Rib and rump fats in the top 5% and IMF in the top 10% of the breed.

### January 2024 Murray Grey BREEDPLAN

MURRAY GREY BREEDPLAN	BIRTH				GROWTH					FERTILITY		CARCASS

**Dam: WOODBOURN MISS BARBARA Q11 (PB)**  
 WOODBOURN F18 HORNET (PB)  
 WOODBOURN BARBARA H64 (PB)  
 WOODBOURN BARBARA A49 (PB)

NOTES: One of the big improvers in the catalogue. His sire, Quantum, is certainly doing a job here at Woodbourn. This bull, I believe, will grow into a large impressive bull. He has great capacity, depth of body and is smooth throughout. It is hard to find bulls with moderate birth combined with such high 600 day weight. This is a very correct bull in all departments, including his tight sheath. 400 day, 600 day and IMF in the top 1%, with milk, EMA, rib and rump fats all in the top 10% of the breed.

### January 2024 Murray Grey BREEDPLAN

MURRAY GREY BREEDPLAN	BIRTH				GROWTH					FERTILITY		CARCASE

BIG PARK VITELLO D22 (PB)  
BIG PARK VITELLO V45 (PB)

NOTES: Every year we put in the sale, a meat machine and there is no doubt that this bull fits the bill this year. A very impressive bull with his muscling and shape, depth of hindquarter and overall depth of body. A lovely soft grey colour with dappling like his sire. Low birth weight, above breed average growth and excellent carcass. He defies the odds with this level of muscling while maintaining positive fats and IMF. Visually you can see the softness in this bull. EMA and milk in the top 5% of the breed.

### January 2024 Murray Grey BREEDPLAN

MURRAY GREY BREEDPLAN	BIRTH			GROWTH					FERTILITY		CARCASE

WILLALOOKA CARRIE M103 (PB)

NOTES: Deep barrelled, long bull, full of muscle. He covers a lot of ground. Great scale and flair. It is hard to find these bulls with low birth weight that have such size, softness and muscling. The all round package. Please note the birth mark on his off side. Calving ease in the top 10% of the breed.

### January 2024 Murray Grey BREEDPLAN

NOTES: This is a bull for heifers and later cow joinings. A very long, smooth, light grey bull with great outlook and neck extension, muscle and shape. A very good boned bull without being excessive and he has a tight sheath. We would recommend you get behind this bull and check out the width through his butt and down his spine.

 WOODBOURN SALLY A42 (PB)  
 WOODBOURN SALLY Y1 (PB)

NOTES: Another of those long smooth bulls with shape and muscle. People ask why we keep old cows to breed from and here is their answer. Possibly a heifer joining bull, but may have too much muscle for that. His figures right across the page, really need looking at carefully, if you require a bull with softness, muscle and doability. Highly recommended for his softness, IMF and fats. Please note his low birth weight. Rib, rump and IMF all in the top 5% of the breed.

### January 2024 Murray Grey BREEDPLAN

WOODBOURN MISS JEANETTE W31 (PB)

NOTES: A long smooth bull, smooth through the shoulder and without being excessive through the hindquarter. With his very low birth weight (half breed average) and short gestation length, well above breed average 600 day, plus excellent EMA and huge IMF, this bull has a lot to offer. He is a light grey colour with a tight sheath. Ideal for heifer joining. IMF in the top 5% of the breed.

**Dam: WOODBOURN MISS CARRIE M9 (PB)**  
 THE GLEN HONESTY W67 (PB)  
 WOODBOURN MISS CARRIE Z85 (PB)  
 WOODBOURN CARRIE X2 (PB)

NOTES: Plenty of shape in this deep barrelled, smooth young bull. Visually his depth disguises his length, but he is a very long bull, showing plenty of muscle and outlook. I would encourage you to look at his figures, as they are, I believe, most impressive. Ideal for heifer joining. Milk in the top 10% and calving ease in the top 5% of the breed.

### January 2024 Murray Grey BREEDPLAN

 NAWARRA BANANA BENDER (PB)  
 WOODBOURN MISS HEATHER H3 (PB)  
 WOODBOURN MISS HEATHER A12 (PB)

NOTES: Even though he is later in the catalogue, this bull has much to offer. Out of a heifer, this well shaped, soft, smooth bull would suit most herds to join heifers and cows to produce high growth, easy doing, soft cattle. Absolutely outstanding carcass figures. Definitely a herd improver. Milk in the top 5%. Rib, rump and IMF in the top 1% of the breed.

Lot 40 Woodbourn Tango T144

### TAKING DELIVERY OF YOUR NEW BULL

To help your new bull or bulls settle into their new home as well as possible, the following points may be of some help.

- At Woodbourn, all bulls are run in large mobs all their life, so they have always had plenty of mates around and have never been alone.
- It's a good idea to have some of your own cattle in the yards when your new bull arrives; a handful of steers, or PTIC cows. Just something to keep them company, whilst they survey their new surroundings.
- At Woodbourn, we handle our cattle quietly and confidently, we always give our cattle respect and our cattle respect us. We use side by side vehicles and a 4X4 motorbike to move stock. The bulls have never been handled with horses.
- Handle your new bull quietly and with respect and he will settle into his new home well and will be easy to handle.

# 10 Registered Mature Females

Calf EBV's available on Murray Grey website.

## LOT 41 WOODBOURN MISS HEATHER R8 (PB)

Born: 11/03/2020

Dam: WOODBOURN MISS HEATHER B79 (PB)

MONTEREY TALENT SCOUT+98 (PB)  
WOODBOURN MISS HEATHER Y6 (PB)  
WOODBOURN MISS HEATHER V32 (PB)

NOTES: Another of those lovely young cows we are reluctant to sell. On her second calf and doing a great job. Long and smooth, with great neck extension and a beautiful bag of milk under her. Even though this is a very young calf, she is showing great potential. The softness, depth and quality of this calf will impress. Milk in the top 1%, rib and rump fats in the top 5% with IMF in the top 10% of the breed. Silver calf at foot, Woodbourn Miss Heather U93, born: 07/08/2023; tattoo: 4W U93, sire: Woodbourn Sutton S44. Depastured with Mount Major Quantum Q1, from 16/10/2023 until 01/12/2023 then Woodbourn Sonic S16 until 19/12/2023. **PTIC**. Calf's EBVs: Top 1% for milk, 5% for rib and rump fats and 10% for IMF, 5% for calving ease.

Dam: WOODBOURN MISS RHIAN M106 (PB)

MONTEREY TALENT SCOUT+98 (PB)  
WOODBOURN RHIAN Y3 (PB)  
SPRINGFIELD PARK RHIAN+96 (PB)

NOTES: Typical of the Woodbourn females, this high producing cow is doing a great job. She has huge growth and very high milk, seen in her calf. Lovely neck extension in both cow and calf as well as great capacity. Both cow and calf are in the top percentiles for 200, 400 and 600 day growth. The Nougat/Hugh cross has worked well with this calf. The dam is rejoined to two new sires in our herd and we expect that the resultant calf will be as impressive as this one at foot. 600 day and milk in the top 1%, with IMF in the top 10% of the breed. Silver calf at foot, Woodbourn Miss Rhian U135, born 16/08/2023, tattoo: 4W U135, sire: Onward Nougat N44. Depastured with Onward Striker S43, from 16/10/2023 until 10/11/2023, and then Kurani Stephen S10 until 19/12/2023. **PTIC**. Calf's EBVs: 400 day, 600 day and milk in the top 5%.

MONTEREY TALENT SCOUT+98 (PB)  
WOODBOURN MISS GRETTEL W108 (PB)  
WOODBOURN MISS GRETTEL Q98 (PB)

NOTES: There is always a standout in the Woodbourn sale and I believe this is her, this year. A long, soft, deep barrelled cow with great milk. Muscle and thickness is the name of the game, but not excessive in this feminine female. She and her lovely calf at foot have outstanding growth and milk figures. A wonderful three in one deal with new sires in this outfit. Please note the very young age of the calf, which will certainly go on and not disappoint. Grey calf at foot, Woodbourn Gretel U180, born: 24/09/2023, tattoo: 4W U180, sire: Ayr Park Nevada N31. Depastured with Carlinga Napoleon N43 from 16/10/2023 until 10/11/2023 and then Mount Major Quantum Q1 until 19/12/2023. **PTIC**. Calf's EBVs: All growth figures, including milk, are in the top 10% of the breed.

BIG PARK KRISTEN E2 (PB)

NOTES: What a lovely young unit this is, with the young dam on her first calf, which will certainly grow on. The calf is by a Woodbourn bred bull and the dam is rejoined to two new sires in the team. This is a real quality unit. 600 day in the top 5% and milk in the top 1% of the breed. Silver calf at foot, Woodbourn Miss Kristen U125, born 14/08/2023, tattoo 4W U125, sire Woodbourn Sutton S44. Depastured with Woodbourn Sonic S16, from 16/10/2023 until 10/11/2023, and then Garaggi Southern Son S11 until 19/12/2023. **PTIC.**

Calf's EBVs: Calving ease, rib and rump fats, and IMF in the top 10%, with milk in the top 1%.

 WOODBOURN MISS CARRIE Z85 (PB)  
 WOODBOURN CARRIE X2 (PB)

NOTES: Another of those very good, first calving heifers with a very good young calf at foot. This heifer is certainly doing her best with this very young calf. This long thick female has great appeal, as do all the Karl females. The calf is by Woodbourn Sonic and we are delighted with how he is producing. Calving ease and milk in the top 10% of the breed. Grey calf at foot, Woodbourn Carrie U173, born:10/08/2023: tattoo: 4W U173, sire: Woodbourn Sonic S16. Depastured with Kurani Stephen S10 from 16/10/2023 until 10/11/2023, and then Onward Striker S43 until 19/12/2023. **PTIC.**

Calf's EBVs: Well balanced across the page with low birth weight and top 10% for calving ease, good growth and top 5% for milk.

**Dam: BIG PARK BARBARA H9 (PB)**  
 BUNDALEER X ROAD X37 (PB)  
 WOODBOURN MISS Y BARBARA C106 (PB)  
 YAMBA BARBARA T30 (PB) (AI)

NOTES: This is one way to improve a herd's carcass traits, with the Breedplan carcass data here in both cow and calf being outstanding. The lovely calf by Napoleon is a standout and with the cow being rejoined to Karl and a new bull Onward Sarge, we would be hopeful she will do it again. Milk and fats including IMF all in the top 5% of the breed. Silver calf at foot, Woodbourn Miss Barbara U175, born:11/09/2023, tattoo: 4W U175, sire: Carlinga Napoleon N43. Depastured with Onward Sarge S18 from 16/10/2023 until 10/11/2023, and then Melaleuca Karl K231 until 19/12/2023. **PTIC.**

Calf's EBVs: Calving ease, and rib and rump fats, in the top 5% with IMF in the top 10%.

**Dam: WOODBOURN MISS CARRIE M9 (PB)**  
 THE GLEN HONESTY W67 (PB)  
 WOODBOURN MISS CARRIE Z85 (PB)  
 WOODBOURN CARRIE X2 (PB)

NOTES: One of the first calves by our keeper bull Woodbourn Sonic, this extremely long, thick calf is doing everything we ask of her sire. Being on her second calf, the cow is obviously putting everything into her calf, as can be seen. Now we have lost Napoleon, we will be retaining as many females by him as possible...so this is a rare chance. Calving ease in the top 5%, EMA in the top 10% of the breed. Grey calf at foot, Woodbourn Carrie U92, born: 07/08/2023, tattoo: 4W U92, sire: Woodbourn Sonic S16. Depastured with Woodbourn Sonic S16, from 16/10/2023 until 10/11/2023, and then Garangi Southern Son S11 until 19/12/2023. **PTIC.**

Calf's EBVs: Very low birth weight and good 600 day with milk in the top 10% and calving ease in the top 5%.

**Dam: WOODBOURN MISS SALLY X15 (PB)**  
 WOODBOURN FAME (PB)  
 WOODBOURN SALLY 770 (PB)  
 WOODBOURN (TAS) SALLY (GR1)

NOTES: A lovely calf at foot with this older cow. Having had 13 calves, she is still doing a good job. This calf by Karl, certainly ticks the box for quality. Her mother is showing her age a bit, but I am sure in the right hands, she will breed on for several years yet. This matron has fats, including IMF in the top 1% and 5% of the breed and these figures are matched by her calf. Silver calf at foot, Woodbourn Miss Sally U46, born 21/03/ 2023, tattoo 4W U46, sire Melaleuca Karl K231. Depastured with Melaleuca Karl K231, from 16/10/2023 until 10/11/2023, and then Onward Sarge S18 until 19/12/2023. **PTIC.** Calf's EBVs: Rib and rump fats in the top 1%, IMF in the top 5% and calving ease in the top 10%.

 WHEELVIEW W9 (PB) (AI)

NOTES: One of three sires bought in 2018. This was an exceptional bull with outlook, scale and flair. His Breedplan figures are quite something, with very low birth weight, good growth and carcass figures out of the top order. His EMA is huge (in the top 5% of the breed) and his fats are very very high (top 5% of the breed). His birth weight is exceptionally low..

Dam: GARANGGI MISS PENOLA (GR2)

BOTTLESFORD DEBBIE (GR1)

NOTES: Breeder's comments: "...S11 is the most complete bull we have ever offered for sale, in more than 15 years of breeding Murray Grey cattle. He brings together the very best of Monterey, Willalooka, and Bottlesford bloodlines, in a standout silver package. His sire, Bottlesford Kudos has taken the breed by storm with over 100 progeny recorded and 7 traits in the top 5% of the breed. S11 looks to be following in his footsteps. A bull that has caught the eye of many of the good judges on inspection. Impeccable docility, structure, type and quality. A consideration for stud duties or for those commercial buyers that like shopping near the top of the catalogue..."

# Reference and Joining Sires

## WOODBOURN RENISON R52 (PB)

Born: 27/07/2020

Colour: Silver

Tattoo: 4W R52

MONTEREY MEGAFORCE (PB)  
MONTEREY HARMONY H62 (PB)  
MONTEREY SHOWGIRL E206 (PB)

Sire: AYR PARK MAJOR M55 (PB)

THE GLEN BASS F104 (GR1)  
AYR PARK MATINA J30 (GR2)  
AYR PARK MATINA F80 (PB)  
MONTEREY EXCEPTIONAL (PB)  
MELALEUCA ARTILLARY A16 (PB)  
MELALEUCA ESMERELDA U65+99 (PB) (AI)

Dam: WOODBOURN MISS BARBARA F11 (PB)

WOODBOURN TED-E-BEAR (PB)  
WOODBOURN MISS BARBARA Z87 (PB)  
WOODBOURN MISS BARBARA V9 (PB)

NOTES: Rarely do you find a bull with the thickness and shape that this young bull exhibits. For those looking for extreme quietness, the Ayr Park Major calves go to the top of the list. Out of one of our favourite cows (Woodbourn F11) this is a beautifully put together bull. Below breed average for bmr, above breed average growth and outstanding carcass.

Dam: WOODBOURN MISS HEATHER A12 (PB)

MONTEREY TALENT SCOUT+98 (PB)  
WOODBOURN MISS HEATHER X12 (PB)  
WOODBOURN MISS HEATHER S56+97 (PB)

NOTES: This bull oozes softness and masculinity visually and when you look at his figures, you can see why; his rib and rump fats are in the top 1% for the breed and his IMF is in the top 5%, as is his milk. A bull with length, shape and thickness throughout. He is out of one of our high producing, very old females, Woodbourn A12.

Dam: WOODBOURN MISS VITELLO N99 (PB)

THEOLOGOLONG YALLANGATTA Y3 (PB)  
BIG PARK VITELLO D22 (PB)  
BIG PARK VITELLO V45 (PB)

NOTES: A bull with exceptional visual appeal. With amazing figures across the board with the very low +1.1 birth weight. One needs to get behind this bull to appreciate the muscle down his spine and through his back end. Very short gestation length is one of the reasons we have used him over heifers. His milk is in the top 1% and his rib and rump fats in the top 5%, as is his calving ease EBV.

KELSO W22 (PB)

Dam: ONWARD EVELYN G21 (PB)

ONWARD AUTO (PB)  
ONWARD EVELYN 10TH (PB)  
ONWARD EVELYN 3RD (PB)

NOTES: Breeder's comments. "A son of a phenotypically magnificent 12 year old matron who continues to breed the house down. Sarge's own raw weight data topped his mob prior to the sale selection and his growth EBV's rank him in the top 5-10% of the breed. His dam's maternal traits, including outstanding milk, fertility and udder perfection, combined with his own structural soundness, scope, outlook, performance and right down to his skin and hair type, ranks him amongst the top stud sire prospects ever bred on Onward. He provides a genetic outcross for many with his WA bred Melaleuca prefixed sire."

BAROONA PARK JURITER A24 (PB)  
BAROONA PARK JULIA (PB) (AI)

Dam: ONWARD EVELYN J45 (PB)

ONWARD MANUKA (PB) (AI)  
ONWARD EVELYN D86 (PB)  
ONDIONG EVELYN 143RD (PB)

NOTES: Breeder's comments: "Capacity, depth of rib and thickness throughout, feature in this stud sire prospect. He scanned the top raw data EMA of his mob in March and ranks in the top 10% of the breed for such. Very similar in type and breeding to last year's TOTR Mike Traynor Trophy award winner... His ten year old dam has a perfect calving record and her consistency in breeding one of the top weaners each year is remarkable. Striker is a very highly regarded individual."

BOTTLESFORD CRISTY G36 (PB)

NOTES: A most appealing silver bull purchased from South Australia. Very correct with great outlook and smooth back line. His figures are very well balanced from good birth weight, high 600 day and good milk EBVs, to good EMA and IMF figures. He was used over heifers in the spring. We are certainly looking forward to seeing his progeny.

## SPECIAL NOTICE TO BUYERS

1. In the interest of buyers and to prevent the occurrence of mistakes, all instructions concerning delivery, trucking or shipping of cattle must be given in writing and signed by the buyer or his representative.
2. Instructions for despatch of consignments comprising more than one owner must be signed by each buyer; no instructions will be considered complete until all have signed. No verbal instructions can be accepted.
3. Invoicing of purchases - Due to the change of sale date, invoicing of purchases may be delayed for one month, as freight invoices will take this long to process, and outside agents need this time to forward accounts. This constitutes one month's interest free terms to all purchasers.

# CAMERONS

As one of the largest Tasmanian owned accounting practices, Camerons assists Business and Agricultural clients with all taxation and accounting needs for their businesses, including succession planning.
