PERFORMANCE, PROFITABILITY & LONGEVITY

Welcome To Our 2024 Sale

Welcome to our annual on-farm Stud Simmental Fleckvieh sale. As always, we are offering the best of our strong breeding lineage and we are confident you will not be disappointed.

We are grateful for the opportunity to share our home with you and hope you enjoy our hospitality. Please contact us if you would like to view the animals prior. We look forward to hosting you on the day.

It is with great honour that we ensure the best care and attention to our cattle. All cattle have received required vaccinations, including 7-in-1, pesti-virus, tick vaccine, worming, and lice treatments.

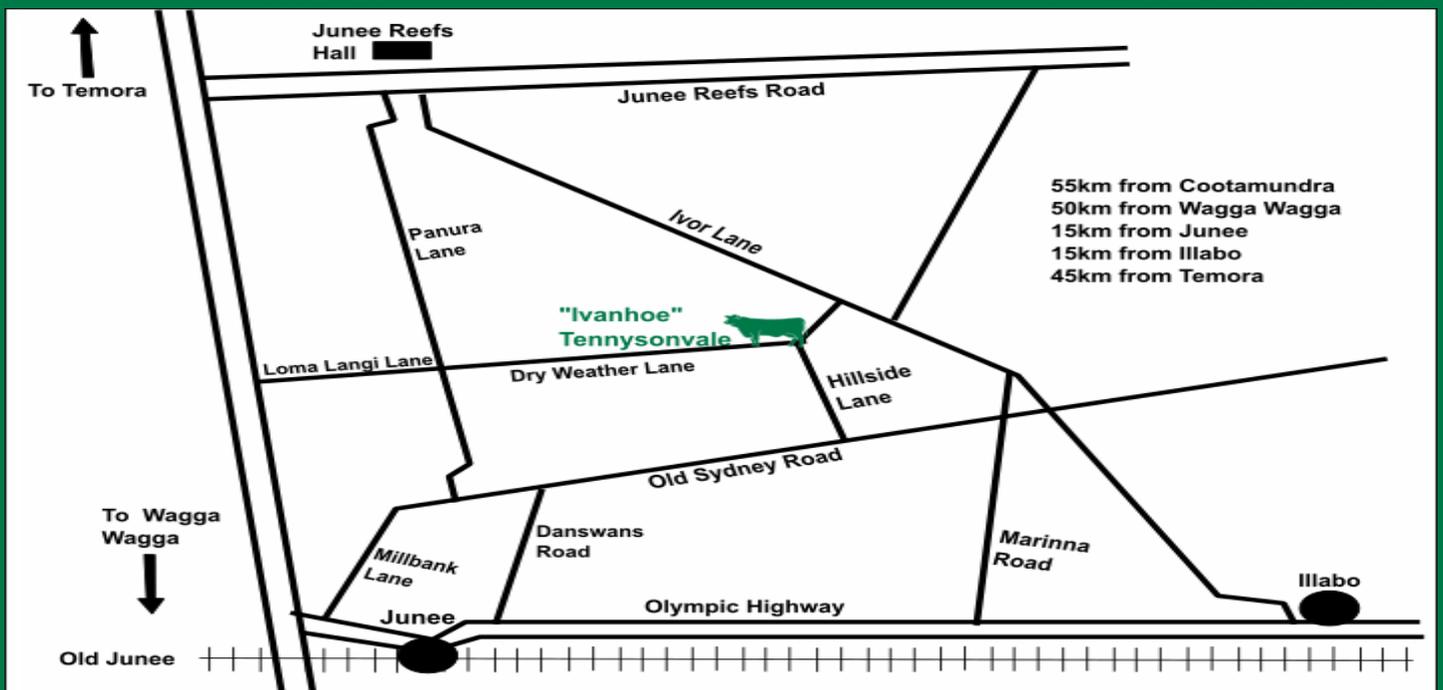

In 2024, yet again we offer an outstanding line up of heifers with 49 females offered unjoined and 14 confirmed as homozygous polled. Our bulls are wide-ranging to suit any herd and their doability is assured. This year we have 38 bulls, with 13 confirmed as homozygous polled.

We are thrilled to share our range of new and established genetics. Recently, we have expanded our genetic base through the addition of our new stud sires, Yerwal Est Quality Kid (Pp), Tennysonvale Quality (Pp) and Tennysonvale Ron R52 (Pp). We continue to utilise our experienced stud sires, Tennysonvale Kip (PP), Rowlon Park Pirelli (Pp), and Tennysonvale Merv (Pp). In late 2023, we saw the sad passing of Kip, who has had an immense impact on our stud. His last calves will be offered next year.

In late 2023 we purchased all remaining stud females in Graeme and Jean Smith's Warrowie herd. We are offering 6 heifers from this package, which will be the last time Warrowie females will be offered. Graeme and Jean have been great supporters of our program and we can't wait to see what these females do in your herd and ours. We hope Graeme and Jean enjoy their well earned retirement.

We pride ourselves in the continuing growth and quality of our stud and we are excited to see what the future brings. We extend a warm welcome to all previous buyers and under-bidders, as well as any newcomers. We appreciate your interest and thank you for coming. We hope this year proves to be a prosperous sale for all involved.

Joan's Legacy

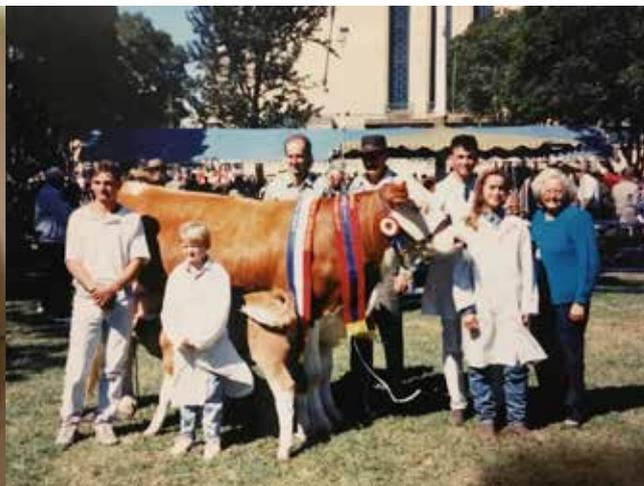

In late 2023, we said goodbye to our beloved Nan, Joan. Growing up, Nan always knew each animal, their genetic line, and kept a record of everything. These qualities have been passed down through the generations. Nan was a strong woman who raised a family, whilst keeping Col in line (not an easy job!), and maintaining a hands-on approach with the cattle.

Nan has always been a strong woman, starting in 1954 when she and Col were married. This marriage resulted in four children, one of whom is Ian, who shared their love of cattle. In 1989, together with Ian, they purchased Talmo Harry (P) their first purebred Simmental bull to be put over their commercial herd. The intention of introducing a Simmental bull was to increase yield and encourage a polled herd; they got more than they bargained for when they realised how robust the Simmental breed was.

In 1990, Nan and Col purchased 'Tennyson' and this began Tennysonvale. Following the inception of Tennysonvale, the focus switched to quality and therefore the decision purchase purebred Simmental females was made. Four years later, Tennysonvale won its first Junior Champion Female at Sydney Royal Easter Show with Tennysonvale Midget; the following year, she won Supreme Exhibit. We have continued to enjoy success in the show circuit with Tennysonvale Ujoanie taking out Supreme Fleckvieh Exhibit at Canberra Royal Show in 2024 and going on to be placed in the top three in interbreed.

Through Nan and Col's hard work and dedication to Tennysonvale, they have established a stud that is now thriving with a bright future ahead. Not only has Nan been involved in all things Tennysonvale, she has also been a loving and involved mother, Nan and Great Nan. She will be remembered for her dry wit and humour, her love of gardening and sketching and her skills on the tennis court. She leaves a legacy that will live on through the cattle and her family for many generations to come.

We love and miss you, Nan.
