Welcome

Welcome to our 2024 Tamworth sale. Once again, we look forward to again presenting these industry focussed bulls to you and it so pleasing to see the seasonal conditions have changed in the North since last year.

Once again, these bulls have been selected from large contemporary groups and have been selected specifically for this sale. These bulls have again been prepared at Steve Hayward and Kellie Smiths property at Allora, Queensland. Not only will this enable them to acclimatise to the Northern conditions, but it will also give our NSW and Qld clients far more opportunity to inspect the bulls prior to sale.

Both the Black Simmental and SimAngus programmes are represented with a tremendous group of bulls that exhibit explosive early growth, length of body, capacity, extra muscle, and increased fat cover in a structurally sound package. Our commitment to increase profitability and performance to our clients' herds drives us to focus on the above traits. Each year we scrutinise every one of our 800 plus registered breeders for structure, docility, and performance and quite simply if they don't stack up, they don't stay. This selection pressure ensures that our female herd continues to improve each year which in turn passes this quality onto the resulting progeny.

The Black Simmental and SimAngus bulls will be made up of 2 age groups, firstly the 22–24 months old and then the 15–17 month old bulls. Both groups epitomise what we have been striving to produce and will appeal to the most discerning cattle producer. With both heifer and mature cow options, we firmly believe there will be a bull there to suit your needs. We have identified the heifer safe bulls in the catalogue to assist those looking for an easing calving heifer option.

The Black Simmental bulls will feature many new and proven sires and it is great to see our own sires featuring strongly in many of the lead bulls. Predictability is so important, and we have been retaining many of our own sires for use because they offer this predictability and the maternal traits which are so important in a profitable herd. New sires this year include the \$102,500 KBHR Honor who is breeding incredibly well as well as LBRS Genesis and CLRS Guardian.

The SimAngus bulls are truly outstanding, and we have invested heavily over the past few years to add the very best Angus genetics to this part of our programme. The results are showing in these bulls, and it will be hard not to be impressed when you inspect them, they are industry relevant and super impressive. The first of the \$240,000 Millah Murrah Rembrandt sons sell for this sale as well as Millah Murrah Quixote and TJ Gold sons, we are confident you will be impressed with what these sires are doing within our herd.

Every bull comes sire verified, pesti tested negative, vaccinated for 3-day sickness and vibrio, 3 germ blooded and semen tested so they are ready to work.

Please feel free to contact us if you require any further information and we look forward to seeing you on the 15th of August.

Tom and Lizzy Baker

Sale Information

HEALTH

This draft of Woonallee Bulls have a J-Bas score of 6 and are eligible to all states Australia wide. Bulls have been fully vaccinated with 7in1, Pesti guard, 3 day sickness, 3 germ blood and vibrio. All bulls have been tested negative for Pesti virus. Semen testing has been conducted by Rosewood Vet Services and all bulls offered for sale have passed a semen test.

DNA, COLOUR AND POLLED TESTING

All bulls have been tested for colour and polled status with the results indicated in the catalogue. They have also been 100K DNA tested and sire verified.

DELIVERY

Woonallee and Elders will organise delivery of the bulls at the conclusion of the sale. Please fill in the buyers slip with clear directions and contact phone number. Woonallee will deliver free of charge within NSW and to Roma, QLD.

TRANSFERS

All animals are registered with the Australian Simmental Breeders Association and are eligible for transfer. Please indicate on the buyer's instruction sheet if you would like your purchases to be transferred.

BUYERS REGISTRATION

Buyers are requested to register with the selling agent prior to commencement of the sale and to display their registration number at the fall of the hammer. This sale will also be interfaced with Auctions Plus. Please see information on page 6 of this catalogue to register.

INSPECTION AND SALE TIME

Sale bulls will be yarded and available for inspection from 10am on sale day Thursday 15th August. Selling to commence at 1pm sharp. Supplementary sheets will be available on sale day. For pre-sale inspections please contact Tom Wilding-Davies 0429 570 504 or Steve Hayward 0419 642 992. All times quoted are Australian Eastern Standard Time.

GST

All lots are sold exclusive of GST.

PHONE BIDDING

Please contact the selling agent to arrange phone bidding. Lincoln McKinlay 0419 239 963.

REBATES

A rebate of 3% is available to outside agents who attend the sale with or on behalf of their clients.

INSURANCE

Woonallee recommends insuring all purchases at the fall of the hammer. An insurance representative will be available on sale day to help with this.

GUARANTEE

All cattle sold at Woonallee come with a two year structure and fertility guarantee. In the rare case a bull is found to be infertile or incapable of natural service, Woonallee will refund or replace the bull provided the problem is not caused by injury or disease incurred after taking delivery. A veterinary certificate will be required.

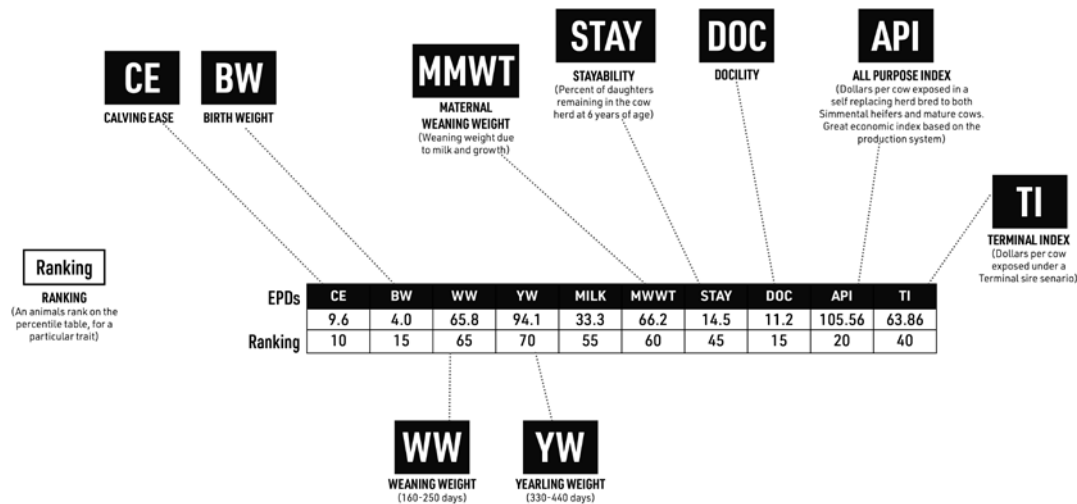

HANDLING

Bulls have been handled on foot, with utes, ATVs and dogs. They haven't seen horses, motorbikes or helicopters!

EPD Information

IGS is the world's largest animal performance recording system. One of the major changes is the breeding figures being reported as Estimate Progeny Differences (EPDs), rather than Estimated Breeding Values (EBVs). The difference between the two is simple.

Effectively, an EBV is an animal's own genetic value for a particular trait. However, the animal can only pass half of this onto their progeny. EPDs have the "half" already accounted for. That is, an EPD is the genetic merit of an animal's progeny – what they will pass onto their progeny. IGS can incorporate an animal's genomics into its performance data. All animals in the Woonallee Tamworth sale have been 100K GGP-LD DNA profiled.
