WELCOME TO HOBBS LIVESTOCK

Welcome to Hobbs Livestock, a family-owned and operated business committed to providing the highest quality Simmental and Angus genetics in the industry. As Stuart and Kylie Hobbs, proud parents of Isaac, Henry, and Sophie, we are excited to share our passion for cattle breeding with you. With a proven track record of success at the Simmental National event, we have consistently achieved remarkable prices, with bulls selling for up to \$32,000 and females up to \$10,000.

We are thrilled to invite you to our 2nd on-property bull sale, where you can explore our exceptional lineup of Red/Black Simmental bulls and females, as well as Black Angus bulls and Females. Our journey began in 2012 when we established our Red and Black Simmental Stud by importing our first embryos from Canada. Since then, we have utilized cutting-edge ET programs to rapidly expand our herd while maintaining uncompromising standards of excellence. As you review the pedigrees of the bulls and females in our sale, you will undoubtedly recognize the significant influence of the esteemed Keepsake cow family, which has been instrumental in our remarkable achievements.

In 2017, we made a significant stride by acquiring Angus foundation females from the renowned Yamba Angus Stud. These additions, now integral members of our Hobbs Livestock family, have been greatly influenced by the exceptional genetics of Yamba Lawsonia P140. This outstanding foundation cow produced a son that was sold for an impressive \$20,000, showcasing the caliber of our breeding program. The quality of her offspring speaks for itself and can be observed firsthand at our sale.

At Hobbs Livestock, our unwavering focus is on breeding commercially-oriented cattle that excel in all aspects of breeding operations. We place utmost importance on structural soundness, fertility, temperament,

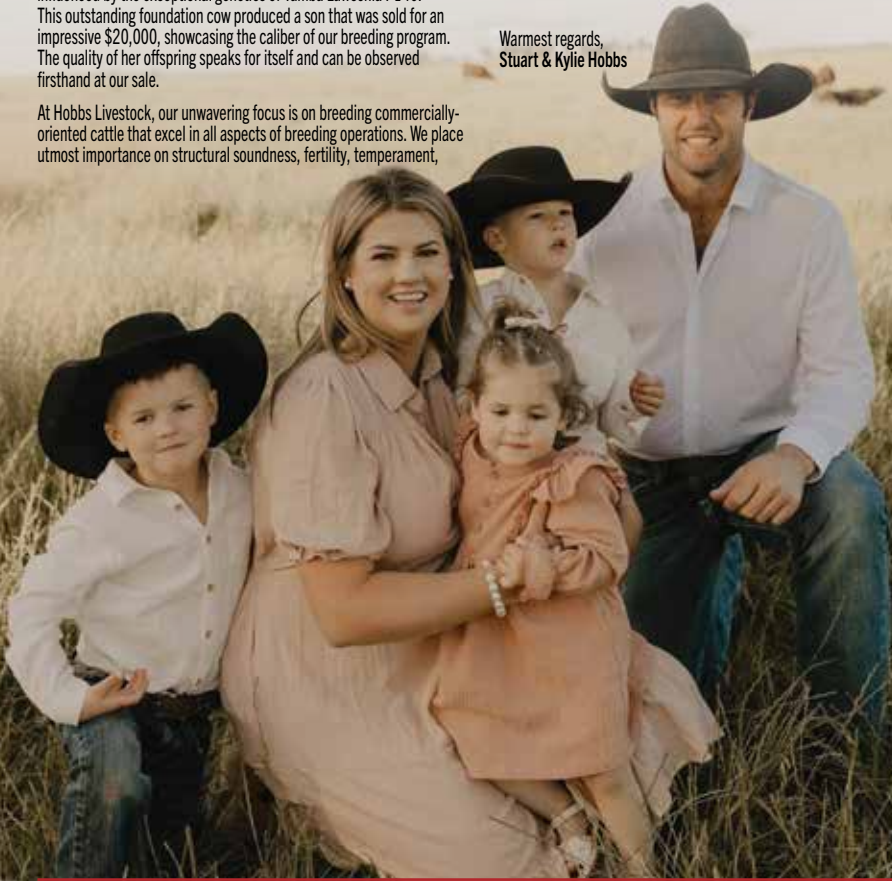

and carcass quality, ensuring that our cattle possess optimal fat cover and performance. Our bulls and females, carefully selected for the sale, adhere to the highest industry standards, providing you with the utmost confidence in your purchasing decisions.

To ensure the quality and health of our animals, we have implemented comprehensive testing measures. Each of our bulls and females has undergone rigorous testing, including GGP100k testing, PI testing, parent verification, color testing, poll testing, full veterinary checks, and semen testing. Our commitment to transparency and excellence guarantees that you acquire cattle of the highest caliber.

This year, we had the privilege of exhibiting a Black Simmental steer at the Sydney Royal Easter Show. We were honored to have him selected in the Stan Hill Trophy Team, and the Simmental Breed went on to win the Interbreed Stan Hill Trophy. Our steer was awarded a Bronze Medal for Eating Quality, further highlighting the exceptional qualities of our livestock.

We eagerly look forward to welcoming both new and existing clients to our 2nd Annual bull sale. Join us in experiencing the exceptional quality and unwavering excellence that Hobbs Livestock has become renowned for.

Warmest regards,
Stuart & Kylie Hobbs

SALE INFORMATION

SALE DATE AND PRIOR INSPECTION TIME

The 2nd Hobbs Livestock On Property Sale will take place on Wednesday 14 August 2024.

9:00am-Inspection

Bulls and Females may be inspected from 9:00am on the morning of the sale, or at any other time by arrangement with agent or vendors.

1:00pm- Hobbs Livestock Bull Sale followed by 23 Females

System will be live auction on site interfaced with AuctionPlus. See details at www.auctionplus.com.au.

HOW TO GET TO THE SALE

'Rosehill' 33 Burgess Road is a short 10min drive from Molong. Take Packham Drive towards Manildra for 10 kilometres. Turn Right onto Burgess Road, follow for 500 metres then turn left. Will be sign posted on Sale Day.

SELLING SYSTEM

Sale of the bulls will be conducted under normal auction conditions.

Please check with the Selling Agents to obtain a buyer's number if you are considering making a purchase.

Successful purchasers are requested to give written advice to the Selling Agents regarding transport arrangements at the conclusion of the Sale.

BULL AND FEMALE VACCINATION

Blooded for tick fever, 3 Day Sickness, Vibro, Pestiguard and 7in1.

TRAVEL, ACCOMMODATION AND DINING

There is One motel located in Molong and the Telegraph Hotel and we are a

40min drive to Orange, which has an extensive selection of accommodation and restaurants. Orange has a regional airport.

REBATE

2% rebate to outside Agents registering BUYERS, in writing, 24 hours PRIOR to the Sale and settling on their behalf within seven days of the date of Invoice.

PHONE BIDDING

The sale will also be on AuctionPlus or contact the selling Agents.

CATERING

We invite you to enjoy a free lunch and morning tea on us.

INSURANCE

We highly recommended to insure your purchase, especially for the first six months of their working life. There are a few options available please see our Agents for more details.

REGISTRATION

Ownership transfer of bulls will be registered by the vendors with Simmental Australia and Angus Australia, please make sure accurate transfer details are on the Buyers Instruction form.

GST

All animals are sold excluding GST. Sale of the bulls will be conducted under normal auction conditions. Please check with the Selling Agents to obtain a buyer's number if you are considering making a purchase. Successful purchasers are requested to give written advice to the Selling Agents regarding transport arrangements at the conclusion of the Sale.

SALE INFORMATION

WARRANTY

The vendor warrants that:

Bulls are fertile and capable of natural services within six months of the date of Sale to the purchaser (Warranty Period).

The vendor will either:

1. Provide a satisfactory replacement: or
2. Provide a credit for use at the next Hobbs Livestock sale equal to the purchase price (excluding any costs and expenses of the purchaser in taking delivery) minus salvage value.

Where:

1. The purchaser claims a bull is infertile, upon purchaser submitting 2 x Veterinary reports 10 weeks apart stating the bull is infertile (semen) OR 1 x Veterinary report stating the bull is capable of natural service, and a Statutory declaration by the purchaser to the effect that the substance of the report is true or correct. The Veterinarian must state that in their opinion there is no evidence that the bull has suffered any injury or illness during the Warranty period which could have affected his breeding ability.
2. The Veterinary report and Statutory declaration must be forwarded to vendor within 14 days if the Warranty Period expiring.

BULL HANDLING

On arrival at their new home, it is important a suitable mob of animals is yarded to greet the bull to minimise his stress.

The bulls are in good joining condition at the point of Sale, but it is imperative to ensure good nutrition for the bull during joining period. You should regularly check the bulls to help minimise the damage to the bull. After joining we highly recommend being drenched and

placed on a good pasture paddock to help get back into good condition.

HEALTH AND SAFETY OF VISITORS AT OUR SALE (RULES AND ADVICE)

Visitors enter the cattle pens at their own risk.

Children must not enter the yards.

All persons who attend the sale do so at their own risk and the vendor assumes no liability, legal or otherwise, for any accidents which may occur.

DISCLAIMER:

Every effort and all reasonable care have been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of printing. However, neither the vendor or selling agents take responsibility regarding accuracy, reliability or completeness of the information provided, and do not assume any responsibility for the use or interpretation of this information.

*Dear Customers,
At Hobbs Livestock, we kindly ask that all animals purchased at our sale be insured. We prioritise the health and wellbeing of our livestock and want to emphasise that the responsibility for the bulls will be transferred to the buyer once the sale is completed. We appreciate your understanding and cooperation in this matter.*

Additionally, animals are welcome to stay at Hobbs Livestock after the sale while transportation arrangements are made. However, please note that the maximum allowed duration is two weeks, unless alternative arrangements have been made. It is important to ensure that all animals are insured during their stay.

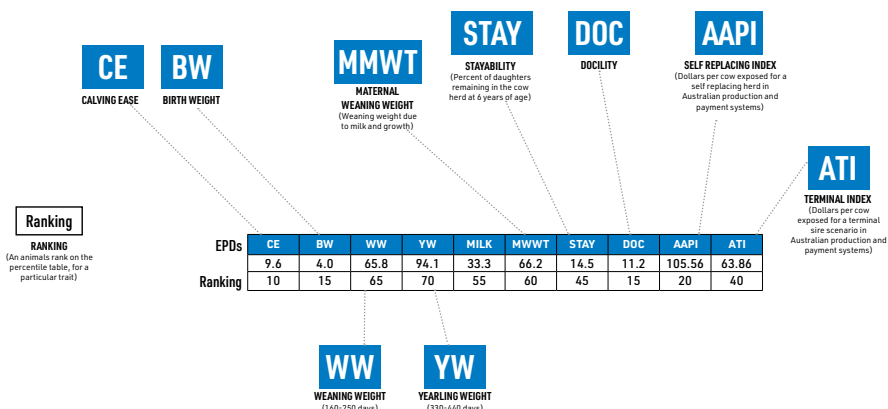

Thank you for your cooperation.

IGS/EPD INFORMATION

With the introduction of the IGS performance recording system for Simmental cattle, IGS is the world's largest animal performance recording system.

One of the major changes is the breeding figures being reported as Estimate Progeny Differences (EPDs), rather than Estimated Breeding Values (EBVs). The difference between the two is simple.

Effectively, an EBV is an animal's own genetic value for a particular trait. However, the animal can only pass half of this onto their progeny. EPDs have the "half" already accounted for. That is, an EPD is the genetic merit of an animal's progeny - what they will pass onto their progeny.

Simmental - Traditional, Fullblood and Simbrah Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MWWT	STAY	DOC	CW	REA	FAT	MARB	YG	AAPI	ATI	API	TI

Traits Observed: BWT, Genomics

Notes - An extremely stylish bull with tremendous sire appeal. He's a long bodied bull with tremendous thickness and lower thigh and structural soundness. A bull that would suit a stud or commercial herd. A nice Data set on this young sire who is well worth the inspection. His dam is our number one Donor cow and when you look at all of her ET progeny in the sale in lots 17, 22, 23, 33A & 33B you can see the consistency in her breeding.

Traits Observed: BWT, Genomics

Notes - U13 is a bull you could look at all day everyday with wonderful phenotype and structurally soundness. He carries an abundance of red meat and sire appeal. Great data on this bull and a bull we think is stud duties worthy. Out of the great Premier Jestress cow family and by the \$190,000 Knowla So Right bull. Semen Retained.

Notes - A moderate thick made heifer with tremendous amount of capacity, volume and so structurally sound with beautiful feet. This cross has been a great one with 3 full brothers in the sale and 2 full sisters. Halter broken, she is entered for Melbourne Royal if the successful purchaser wishes to take her. Sells Unjoined.

Notes - A big volumed heifer with a beautiful feminine front end but still carrying plenty of carcass and softness. She has a good set of figures. This is one of Stu's Favorites and he thinks someone could have some serious fun with this one in the show ring. Halter broken, she is entered for Melbourne Royal if the successful purchaser wishes to take her. Sells Unjoined.

Notes - When you talk cow families this one doesn't come much better, The Justine cow family is the most consistent cow families in the Yamba herd. The Gilmandyke Stunner Q70 bull was an absolute standout in the sale draft that year at Gilmandyke when Stu purchased his for Yamba. Joined to U8J Thermal T37.
