## STUD HISTORY

---

Quartz Australian White Stud was established using foundation stock exclusively from Tattykeel the Birth Place of the Australian White Sheep Breed.

By selecting our 2020 foundation Ewes & Sire from Tattykeel and continuing to purchase exclusively from Tattykeel over the past 4 years, Quartz provides access to industry leading genetic traits today and in the future. When you buy from Quartz you are accessing the latest gains, as we update our elite core ewe flock annually.

In the past twelve months we purchased 18 new Tattykeel stud ewes and 2 new Tattykeel Stud Rams, including Tattykeel 220089 the 2023 Champion Ram Sydney Royal and NSW Sheep Show Dubbo.

Our focus is to produce Australian White Rams to perform in your commercial flock. Rams need to achieve the balance of producing self replacing ewes with a strong emphasis on fertility, growth and also producing high quality lamb carcass for domestic & export markets.
