GRANGEBURN SIMMENTALS

4th Annual Field Day & ONLINE SALE 2025

ON-PROPERTY AT "GRANGEVALE"

146 CLIFTON RD, HAMILTON VIC

9 BLACK SIMMENTAL AND SIMANGUS SIRES

8 TRADITIONAL SIMMENTAL SIRES

17 SIMMENTAL HEIFERS

PLEASE NOTE: Online auction will run from 9am, closing at 6pm (or until bidding ceases online) on Wednesday 29th of January 2025.

Inspection can take place on the day or in the lead up, by appointment with Brodhi 0418723996.

WELCOME

2024, what a year. This year has been a big test for many farms in and around us! With the driest first half of the year here since 1880, the cattle have had to stand up and keep performing through extremely dry conditions with little to no paddock feed on offer. The resilience of the best cattle has shone through; as the cream always rises to the top. That cream is what is offered in January this year in our 4th online sale with AuctionsPlus.

I'm excited to be offering a couple of the first Rugged R Cavill sons in Australia. There are a couple of high-end bulls in this sire group out of our first calving heifers. Masters Pride has done it again with another belting spring drop son in the traditional offering. We've used a few different sires in the Black Simmental offering this year, Elite Nitrous has added

extra thickness into these bulls, plus some excellent Plutonium sons with added length.

We have decided to sell a larger number of weaner heifers this year due to a huge number being born in 2024. We capped our replacement requirements and cannot keep more due to water stores being depleted. These calves were early weaned in October due to tough conditions; they have come along in bounds since. They will present well considering the tough life they've had thus far!

We look forward to showcasing these cattle to everyone on 29th January 2025!

How to Register and Bid on AuctionsPlus

1

Go to www.auctionsplus.com.au to register at least 48 hours before the sale.

2

Select "**Sign Up**" in the top right hand corner.

3

Fill out your name, mobile number, email address and create a password.

4

Go to your emails and confirm the account.

5

Return to AuctionsPlus and log in.

6

Select "**Dashboard**" and then select "**Request Approval to Buy**".

7

Fill in buyer details and once completed go back to Dashboard.

8

Complete buyer induction module (approx. 30 minutes).

9

AuctionsPlus will email you to let you know that your account has been approved.

10

Log in on sale day and connect to auction.

11

Bid using the two-step process – unlock the bid button and bid at that price.

12

If you are successful, the selling agent will contact you post sale to organise delivery and payment.

For more information please contact us on:

Phone: (02) 9262 4222

Email: info@auctionsplus.com.au

SALE INFORMATION

Inspection: Cattle may be inspected any time prior to the sale day, by arrangement. If you can't make it on sale day, we encourage you to inspect the bulls at a time convenient to you by contacting Brodhi directly on 0418 723 996.

Auction: Held online only through AuctionsPlus, the auction will open at 9am on 29th of January before closing at 6pm – extended only by further bids. A 2% agent rebate is offered for those introducing their client in writing at least 24 hours prior to sale commencement and are attendance with their client on the day.

Delivery: This year we are offering freight assistance up to 300km in any direction.

Field Day Safety: We pride ourselves on the excellent temperament of our cattle, however, there are risks associated with natural bull behaviour. Entering yards is done so at your own risk. We take all precautions to keep you safe by providing secure yards and prohibiting children from entering yards.

Breeding Soundness: All sale bulls offered for sale have passed a crush side semen motility test by Drew Pickford, Nationwide Artificial Breeders. Morphology test also done by AVSM. All bulls offered for sale have been examined by Nationwide Artificial Breeders for penile and testicular soundness also. The certificates for these inspections are available for each bull.

Supplementary Sheet: The bulls have scan data supplied by certified scanning technician, Max Bowman, for Eye Muscle Area, Rump & Rib Fat, Marbling (IMF%) and will also have Weight and Scrotal Size Measurements provided.

Guarantee: All stock are guaranteed breeders. Any claim against the breeding ability of an animal purchased should be made in writing and accompanied by a Veterinary Certificate within six months of the date of sale. In the event of a bull failing to breed, it may either be replaced with an animal of comparable value or credit to the full purchase price will be given on a private sale animal. We will guarantee structural integrity of our cattle for 12 months from purchase date.

Health: We maintain a J-BAS 7 score so livestock are free to move anywhere in Australia. All sale animals pesti-tested negative.

All bulls have been vaccinated twice with Ultravac 7-in-1, Pestigard, Botulinum, 3 Germ (once), BEF and Vibrovax.

Unjoined heifers received Ultravac 7-in-1,3 Germ, Pestigard and Botulinum.

Refreshments: Cool refreshments will be provided on the day, along with snacks.

Sale Bulls: Our bulls have been prepared on pasture for most of their life, with silage and a grain-based pellet given through tough times where grass was sparse, so that they remain structurally and reproductively sound. Due to less grain, sale weights of our bulls may be slightly less than bulls at other sales.

Retained Semen Shares: Grangeburn retains the right to collect semen from any bull sold through the auction at our expense. Semen on a limited number of bulls has already been done.

Performance Data: We have been using raw data and IGS information to measure the genetic improvement in our cattle. Aiming for progeny with good growth, combined with the right maturity pattern and an ability to finish easily off available nutrition.

Visitors: We welcome visitors to our property anytime to see how Grangeburn's program has advanced. We think you'll find that our cows are productive and up to the task of producing the next generation weaner calves, replacement heifers or even some sale bulls of your own.

INTERPRETING IGS DATA

Breed data is now reported as EPDs (Estimated Progeny Differences). An EPD accounts for the fact that an animal will generally pass on half of these genetics to progeny. Thus, the EPD is what the genetic potential will be in an animal's progeny. This is further aided by genomically testing each animal, creating a more reliable data set for analysis.

BULL MANAGEMENT

To give you an overview of how, and what your new bull has gone through to get to this stage I thought I'd give you a run-down of his life at Grangeburn. Our main calving period begins late in March through to May. Where calves are weighed at birth and tagged with two tags for identification, the calf is also given a score from 1-5 as to its calving ease.

The calves go through two rounds of assessment as they come through the yards for each of their Ultravac 7 in 1 doses, at roughly 6 and 10 weeks of age. At these points we castrate the bottom 50% of bull calves to maintain quality. Calves are weighed at 200 days old for growth EBV's and their dams are weighed for mature cow weight EBV's at this point.

Calves are weaned at 5-7 months dependent on the season, where they have DNA sampled for parent verification and Pestivirus testing to rule out PI. They also receive mineral and vitamin supplements, a Piligard vaccination and are drenched before yard weaning for 3 days. The calves often are licking our hands once those three days are up. They then venture out onto pasture and silage, until the bulls receive a mixed ration prior to our sale day one year later.

All cattle in the herd are Pestivirus PI negative and are vaccinated annually with Pestigard, as well as Ultravac 7 in 1. Bulls only are vaccinated with Vibriovax, Botulinum, BEF and 3 Germ so they will have the ability to resist disease in any environment.

All bulls are examined externally for scrotal and penile abnormalities prior to sale day. They also have a crush side semen

evaluation completed and have passed this, plus morphology in the laboratory.

Cattle Management: Going forward we recommend that all cattle purchased from Grangeburn be given at a minimum Pestigard and Ultravac 7 in 1 vaccination annually, prior to joining. Bulls should also receive a Vibriovax vaccination annually.

When bulls leave Grangeburn they're leaving home for the first time and will arrive in unfamiliar surroundings at your property. Please ensure that when the bull is unloaded that he has company in a cow or steer, if he can't be put with the bull mob right away, in a large paddock. Being the youngest of a group your young bull will be at the bottom of the pecking order, so care must be taken to ensure adequate feed and water sources are available for the young developing bull.

Our bulls are used to being handled with utes, 4x4 motorbikes, and SxS UTV. Keep this in mind when handling your new Grangeburn bull at home.

Under good management a rising two year old bull should be capable of serving 40 cows on his own, an older bull can handle more. However, if cows are synchronised for AI those that return as not pregnant to AI could wear your bull out if he has not got sufficient back up.

It is important to observe your bull at the beginning of mating to ensure there is no injury or disease preventing successful service of cows. Most injuries will occur in the first days to weeks of joining. Check him regularly to ensure he is not lame, nor injured. Plus, he likes it when you check him out!

LOT 1 - Grangeburn Union Jack (P)(AI)

ZEUPU019: HETERO POLLED - 100/100 - BORN 10.3.2023

TTU Canyon

Rugged R Cavill

Grangeburn Masters Pride

Grangeburn Onyx R77

Rugged R Mona Lynn C199

Juraley L12

A bull that is rated highly by Brodhi, and a favourite since birth. Union Jack possesses everything a sire needs for so many applications. With an outcross pedigree, sired by Cavill, and an extremely quiet nature he's got the world at his feet, not to mention he's as long as the Ghan. His dam has also been a favourite since she was young with great structure, big-time performance and backed by the ever-reliable Onyx line. Heterozygous Polled with small scurs. Top 10% Yield, Top 20% Weaning Weight, Milk & Terminal Index. Top 30% Marbling.

LOT 2 - Grangeburn Untouchable (P)(AI)

ZEUPU025: HETERO POLLED - 100/100 - BORN 13.3.2023

Wormbete Millenium M91

Grangeburn Rarefied

Wormbete Nola P89

Woonallee Essendon

Grangeburn Polly P30

Juraley Nicole H22

Another super docile bull which makes his name quite contradicting! One of the first sons of Rarefied, who we sold at the QSBS for \$18,000 in 2022, and he stamps them all with good pigmentation and solid structure. Look to U25 to add length and docility into the progeny, improve structure and leave high growth progeny. His dam P30 breeds a good one every year adding to the predictability of the pedigree. Top 10% Yearling Weight, Top 20% Weaning Weight, Top 15% Maternal Weaning Weight.

LOT 3 - Grangeburn Uno (P)(AI)

ZEUPU016: HETERO POLLED - 100/100 - BORN 7.3.2023

TTU Canyon

Rugged R Cavill

JB CDN Apache Junction

Grangeburn Jeannie S11

Rugged R Mona Lynn C199

Juraley H128

U16 is the kind of bull that can be used for so many applications. Cosmetically perfect with a great skin type, good pigment and polled. A thick bull that is from a first calving heifer and sired by the outcross Rugged R Cavill. His data suggests he's a heifer bull too, being in the top 3% of the breed for both calving ease and birthweight, and top 5% for maternal calving ease. Backing the flexibility of this bull is his placing in the top 15% API.

LOT 4 - Grangeburn Unrivalled (P)(AI)

ZEUPU048: HETERO POLLED - 100/100 - BORN 25.3.2023

Woonallee Muscleman
Grangeburn Quickdraw

Woonallee Flame
Juraley L7

Six Creeks Ebony E8

Woonallee Julani D127

Unrivalled is sired by Quickdraw, who has bred some high growth cattle, and out of one of the best old style traditional cows in the herd. His dam L7 has been a great producer of bulls in recent times with sons selling for as much as \$16,000. Look to Unrivalled to add bone, length and take the horns off your calves.

LOT 5 - Grangeburn Universal (H)(AI)

TTU Canyon
Rugged R Cavill
Rugged R Mona Lynn C199

Anchor D Viper
Grangeburn Annifried S27
JB CDN Annifried

ZEUPU009: HORNED - 100/100 - BORN 3.3.2023

If you want early maturity pattern with calving ease, then jump on Universal as he has both in spades. A genetic difference in this bull too being 100% Full Fleck. Used in the herd over our red heifers this year with good joining rates, we are anticipating some great calves. Top 1% for Birthweight and Calving Ease Direct, Top 10% Maternal Calving Ease. Top 20% for Terminal Index and API.

LOT 6 - Grangeburn Unanimous (P)

Anchor D Raptor 392C
Grangeburn Sharp Shooter
JB CDN Giovanna 5025

FGAF Geurrero
Grangeburn Annifried S38
JB CDN Annifried

ZEUPU071: HETERO POLLED - 100/0 - BORN 13.4.2023

Another 100% Full Fleck bull with an absolute power of muscle and natural thickness. Again if you're wanting calving ease, docility and early maturity pattern then U71 could be your bull. Stacked pedigree with donors Annifried and Giovanna in the back ground the predictability will be A+. Top 4% Birthweight & Yield, Top 3% Milk, Top 15% Docility & Rib Eye Area.

LOT 7 - Grangeburn Unreachable (PP)(AI)

ZEUPU010: HOMO POLLED - HOMO BLACK - BORN 4.3.2023

FBF1 Combustible

Elite Nitrous

MRL Missile 138C

Woonallee Tank Q426

Jeni Black Whammy 1W

Webb Tank J698

U10 is a power bull with great structure and performance. His dam Q426 is a super thick cow that breeds them thick and sound every time. A heap of bone and strong top, he wouldn't be out of place if he were to land in a seedstock herd. Homo Black and Homo Polled. Top 4% for Weaning Weight and Yearling Weight.

LOT 8 - Grangeburn Ubangi-Uele (PP)(ET)

ZEUPU027: HETERO POLLED - HOMO BLACK - BORN 14.3.2023

MRL Missile 138C

Woonallee Phantom

Woonallee Royal

Six Creeks S6

Pert Dream On D10

Six Creeks Q6

If you're after a bull with real thump and softness in one package, then consider U27 high on your list. Big framed bull typical of high growth Black Simmental but with plenty of cover. Homozygous black. Top 10% Rib Eye Area, Top 15% Weaning and Yearling Weight.

LOT 9 - Grangeburn Usain (P)

Wheatland Circuit Breaker
Wormbete Plutonium P184

Triple C Georgia K420

Wormbete Nitrate N165
Grangeburn BLK Miss R76

Lavarta Lacee

ZEUPU038: HETERO POLLED - HOMO BLACK - BORN 21.3.2023

Added length to this smooth mover in U38. The Plutonium sons are just so docile and easy to deal with. Highest EMA scan in the group! Top 3% Yield & Rib Eye. Top 15% Calving Ease with a 34kg birthweight.

LOT 10 - Grangeburn Undercover (PP)(AI)

FBF1 Combustible
Elite Nitrous

Jeni Black Whammy 1W

Valley Creek Night Watch
Tugulawa Romance

Tugulawa Nostalgia

ZEUPU032: HOMO POLLED - HOMO BLACK - BORN 18.3.2023

Structurally very correct with extra length. Used backing up the Black Simmental cows this year, a tough season to back up cows but he's caught back up to the group. Top 3% Weaning Weight, Top 4% Yearling Weight. Top 10% Carcase Weight & Top 10% Aus Terminal Index.

LOT 11 - Grangeburn Underestimated (PP)

Woonallee Lieutenant
Woonallee Phantom
Woonallee Dew It Right L165

LFE The Riddler 323B
Woonallee Dew It Right N347
Webb Dew It Right J0677

ZEUPU069: HOMO POLLED - HOMO BLACK - BORN 11.4.2023

I love this moderate-framed, power packed bull. He's gone a mass of bone, muscle and well balanced. Homo black and homo polled to boot, he'd add some thickness and maturity pattern into the Angus cows. Top 5% Stay, Top 15% Rib Eye & Top 15% Aus All Purpose Index.

LOT 12 - Grangeburn Uni Lad (P)

Wheatland Circuit Breaker
Wormbete Plutonium P184
Triple C Georgia K420

Wormbete Nitrate N165
Grangeburn Ruby Rose R163
Purebred Angus H055

ZEU2U062: HETERO POLLED - HETERO BLACK - BORN 5.4.2023

U62 is a $\frac{3}{4}$ Black Simm $\frac{1}{4}$ Angus bull. He is an early maturing bull with a stack of carcass to him so will finish calves quickly. Really great balance and docility once again.

Wormbete Belle J102

Anchor D Raptor 392C
Grangeburn Daisy Q29

Upper Wingan Festiva

ZEUPV098: POLLED - DNA PENDING - BORN 7.5.2024

Look at the data on this young heifer who's got all the cosmetics and breeding to become a serious bull producer, or even put her in a show ring. Curve bending data with Top 20% Birthweight, Calving Ease, Weaning Weight & Carcass Weight. Top 10% Docility & AAPI, Top 15% ATI.

LOT 21 - Grangeburn Onyx V84 (P)

Wormbete Parliamentarian
Wormbete Sampson

Wormbete Belle J102

Grangeburn Masters Pride
Grangeburn Onyx R77

Juraley L12

ZEUPV084: POLLED - DNA PENDING - BORN 11.4.2024

Onyx is a sweet heifer from a line of females that always breed on, more often bettering themselves each time. Her maternal brother is offered at Lot 1. A young heifer with a BIG future, her dam is one of my favourite cows in the herd and most definitely my favourite R cow. Top 10% Weaning Weight & Milk, Top 15% Fat.

LOT 22 - Grangeburn Onyx V94 (P)

Wormbete Parliamentarian
Wormbete Sampson

Wormbete Belle J102

Woonallee Flame
Juraley L12

Juraley Onyx H78

ZEUPV094: POLLED - DNA PENDING - BORN 27.4.2024

Don't write this heifer off, she could be the highest performing heifer of the offering as we unfortunately lost her mother during the tough autumn and V94 fought it out against all odds and look at her now. Slick skin and plenty of it. She's so docile and structurally correct. Again, from the strong Onyx line, Top 15% Weaning Weight & Milk, Top 20% Rib Eye.

LOT 23 - Grangeburn Henrietta V79 (PP)

Champs Bravo
Grangeburn Masters Pride
Woonallee Regal K13

VPFS Brantz 12B
Wormbete Henrietta P155
Wormbete Henrietta M76

ZEUPV079: HOMO POLLED - DNA PENDING - BORN 6.4.2024

V79 is a smooth moving heifer with added length and great neck extension. HOMO POLLED by pedigree, she's so feminine with plenty of maternal strength in her pedigree. Combining Regal K13 with Henrietta M76 has worked well here.

LOT 24 - Grangeburn Onyx V42 (P)(AI)

Wormbete Millenium M91
Grangeburn Rarefied

Wormbete Nola P89

Woonallee Essendon
Juraley Diamond K22

Woonallee Onyx B62

ZEUPV042: POLLED - DNA PENDING - BORN 15.3.2024

If you like your cows big then V42 could be the heifer for you, her dam is one of our biggest cows with great balance. V42's maternal brothers have sold to a top of \$16,000. Polled, heavy pigment and good footed.

LOT 25 - Grangeburn Rambler V66 (P)

Bar 5 Hextor 1223
Grangeburn Royal Flush

JB CDN Fashionista 9024

Grangeburn Nitro Circus
Grangeburn Rambler R31

Juraley Chloe K15

ZEUPV066: POLLED - DNA PENDING - BORN 30.3.2024

A classy young heifer from an ET bull we kept and used ourselves. She's super sweet, with a big middle developing. Top 4% Milk & Maternal Weaning Weight, Top 20% Weaning Weight.

LOT 26 - Grangeburn Onyx V83 (P)

Wormbete Parliamentarian
Wormbete Sampson
Wormbete Belle J102

Grangeburn Masters Pride
Grangeburn Onyx R47
Juraley L11

ZEUPV083: POLLED - DNA PENDING - BORN 11.4.2024

Another sweet heifer from the Onyx cow line again, you can see how consistent they are! The docility shines through from the old Onyx B62 cow who was always the first one up licking the motorbike in the paddock. Soft, feminine and an absolute pleasure to have around. Top 10% Rib Eye, Top 20% for AAPI and ATI.

LOT 27 - Grangeburn Hedwig V95 (P)

Wormbete Parliamentarian
Wormbete Sampson
Wormbete Belle J102

Grangeburn Quiet Riot
Grangeburn Hedwig S22
Valley Creek Kandy

ZEUPV095: POLLED - DNA PENDING - BORN 27.4.2024

Out of a favourite S female, V95 is a sweet young heifer with great data on top of her potent cow family! Dam and grandam are both elite cows in the herd with visitors always noting the the huge volume in these two females. Top 20% Docility, Top 10% Rib Eye & Carcass Weight. Top 15% AAPI, Top 10% ATI.

LOT 28 - Grangeburn Jeannie V1 1 (P)(AI)

Willandra Marmaduke
Woonallee Secret Service
Woonallee Daisy L19

Grangeburn Masters Pride
Grangeburn Jeannie T89
Juraley Glee G38

ZEUPV011: POLLED - DNA PENDING - BORN 24.2.2024

V11 is a smart heifer that is difficult to fault. Like her sire, she's the type that will keep easy and get back in calf on time year on year. The Jeannie line works for us, such consistent cows!

LOT 29 - Grangeburn Black Betty V7 (P)(AI)

Hart State of War 056C
Yerwal Est State of War Q300
Yerwal Est Charo J59

Mader Walk This Way 224B
Grangeburn Black Betty T53
Lancaster Poppy J357

ZEUPV007: POLLED - DNA PENDING - BORN 23.2.2024

It's been a tough run for these heifers from day 1 but this little beauty shows the resilience of the cream. Sired by short gestation AI sire Yerwal Est State of War Q300, V7 will become all that you need her to be. She's docile, good skinned, sound and has all the breeding behind her. Granddam J357 is one of my favourite Black Simmental cows I've seen, added to that the Walk This Way and Charo in the pedigree, she's got the world at her feet.

LOT 30 - Grangeburn Pear V47 (P)(AI)

BGS/BM Captain Scream
Elite Powerplay
Mader P Iron Sugar 7X

Woonallee Phantom
Six Creeks S6
Six Creeks Q6

ZEUPV047: POLLED - DNA PENDING - BORN 18.3.2024

Long heifer with an impressive topline, an outcross pedigree for most as well with Powerplay being her AI sire. Will grow into a nice female with plenty of size if she's anything like her dam and maternal siblings.

LOT 31 - Grangeburn BLK Miss V25 (P)(AI)

FBF1 Combustible
Elite Nitrous
JENI Black Whammy 1W

Woonallee Heat Wave
Lavarta Lacee
Lavarta Gemma

ZEUPV025: POLLED - DNA PENDING - BORN 10.3.2024

A heifer with some extra neck extension and length. The Lacee daughters are no fuss honest females that will be sound and go back in calf first cycle almost every time. A very fertile cow family, look for V25 to do the same.

LOT 32 - Grangeburn Sangiovese V22 (P)

FBF1 Combustible
Elite Nitrous
JENI Black Whammy 1W

Wormbete Nitrate N165
Grangeburn Sangiovese S147
Grangeburn Angus P31

ZEU2V022: POLLED - DNA PENDING - BORN 4.3.2024

High performance $\frac{3}{4}$ Simm $\frac{1}{4}$ Angus heifer with the look of a bull producer. Big topped, roomy and stylish heifer. HOMO BLACK and HOMO POLL by pedigree, if you're looking for a female to produce some top SimAngus replacements or herd bulls then don't let her pass you by.

LOT 33 - Grangeburn Lucy V76 (P)(AI)

Hook's Eagle 6E
TJ Gold 274G
TJ 12C

St Pauls Quo Vadis Q420
St Paul's QV Q409 Lucy T427
St Paul's CC E433 Lucy Q409

ZEU2V076: POLLED - DNA PENDING - BORN 5.4.2024

A smart young grade 2 heifer from first calver T427 purchased from St Paul's as our pick of their sale for \$8500 in 2023. V76 has a great data set with calving ease a huge asset. Top 10% Birthweight & Calving Ease, Top 15% Stayability, Top 15% Marbling. Top 4% All Purpose Index & Top 15% Terminal Index.

LOT 34 - Grangeburn Pear V97 (P)

Bonnydale Augustus L84
Bonnydale Nukara
Bonnydale Georgia H279

St Paul's Quo Vadis Q420
St Paul's QV R409 Pear T425
St Paul's CC N426 Pear R409

ZEUPV097: POLLED - DNA PENDING - BORN 30.4.2024

V97's calving ease to growth numbers are excellent, being Top 3% Calving Ease, Top 10% Birthweight, Top 5% Maternal Calving Ease and Top 10% Stayability. Her muscle and marbling data suggests she'll also be in the top 25% for both of these parameters.
