WELCOME TO BOWEN

Welcome to our 30th Annual Bowen bull sale.

62 years breeding registered Poll Herefords and 30 years breeding registered Angus cattle.

A big thank you to all our loyal supporters over the last 30 years and longer.

We have been very fortunate in this Barraba region with the season over the last 12 months. It certainly saved a lot of heart ache as we have had to move a lot of stock back to 'Bowen' from our Gunnedah & Emerald Hill properties due to the lack of rain over summer & early Autumn.

The variables of season in Australia certainly allow the meat processors to play the game tightly, but a break in the season in Victoria and South Australia will see it change for the better I believe.

As we know, Dorathy McKellar certainly described Australia's weather extremes so well.

The popular and very much respected beef analysts of Global AGRI trends certainly predict a very positive steady rise to our beef prices over the next 12 months. The imposition of the American trade tariffs worldwide should help to strengthen our export markets and potentially open more.

The world Angus Forum certainly unveiled the global popularity of the breed, adaptable to such variability in climate and topography and led by the definite carcass quality traits that are so desired by the end user.

A huge congratulations must go to Angus Australia and organisers on such a successful conference.

We continually analyse our stock throughout the year, for all the traits for optimum cow herd efficiency. We endeavour to have the cow herd that maximises production. This has certainly come to the fore at pregnancy testing, our Angus cow herd achieved an unbelievable result of 99.4% PTIC and the Hereford cows also excelled in their PTIC rate. It was pleasing to see the Hereford & Angus weaners this year as they are possibly the best overall line of heifer and bull calves we have bred.

We are excited to have the first of our progeny from \$180k Milwillah Power point R318 in this years catalogue. We have a solid line up of sale bulls this year sired by the popular breed leading sires Rocket Man R38, Rembrandt R48, Prime Minister P758, Quarterback Q011, Qountdown Q1290 , Sydgen Bonus and resident sires Identity P134, Qarara Q514, Blackhawk Q857, Moonshine R337, Honour Q28, Highlander R564, Total Focus R586 and Prophet R728.

Our Poll Hereford line up certainly display optimum performance and structural integrity.

A powerful line up of sons of the 130k Ranch Remington R28, 71k Yarrandabbie Richard R4, 91k Tobruk Southern Cross S15, and high marbling calving ease specialist Yavenvale Quigger Q538 and old favourite Magistrate M241.

All bulls will be videoed and displayed on our website and Auctions plus.

Everyone is welcome to our pre-sale Open day on Friday 27th June 2025. We will have all sale bulls on display at "Bowen" sale complex from 10am to 3pm.

If you would like to inspect our sale team at any time, please contact us to arrange a time.

We look forward to seeing you.

Stephen, Jodi, Ros, Nick, Kim, Josh & Stacey Peake

**All registered
bulls in this
catalogue have
Genomic enhanced
data evaluations &
have been verified
to their sires.**

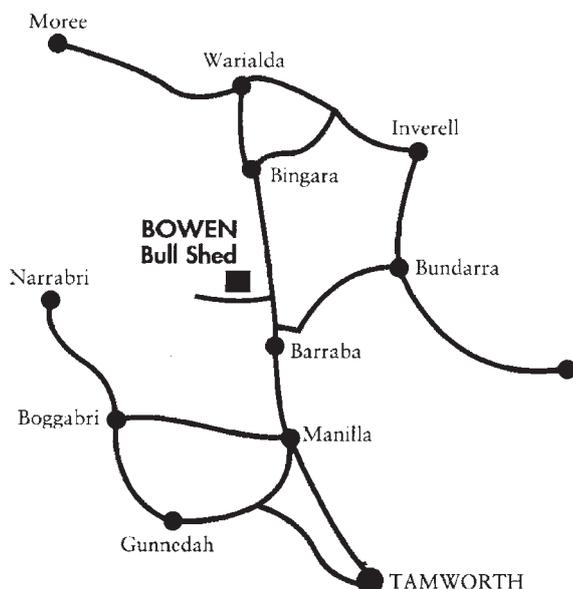

DETAILS

DIRECTIONS

Bowen is situated 18 kms North of Barraba.

Approximately 11 kms North of Barraba on the Barraba/Bingara Road. Turn off to the West at the forest road sign and Bowen Mail Box. The Bowen Bull Shed is on the right after the 5th ramp. 18 kms from Barraba.

The airstrip is 1.6 kms South West of town. Existing effective length 3000 ft. Bearings: 20o 30 minutes West of North.

INSURANCE

There is no Vendor Insurance on Sale Bulls.

It will be the responsibility of the purchasers to insure their cattle. Representatives from Insurance Companies will be at the sale and can offer insurance terms on sale bulls.

REFRESHMENTS

Morning tea and lunch will be available. A donation to the Bingara Westpac Helicopter Support Group would be appreciated.

SEMEN COLLECTION

Bowen Pastoral Co. reserves the right to collect semen for within herd use from any of the bulls in this year's catalogue. This will be done at the vendors expense and the purchasers convenience.

BULL VIDEOS

Bull video's will be available on our website: www.bowenstud.com.au, Auctions Plus and BJS Livestock Photography YouTube channel.

Please bring this catalogue to the sale and be sure of having one.

THE STORY OF BOWEN - STUD HISTORY

Bowen Poll Hereford Stud was established by Stuart & Ros Peake in 1963, being run along side a merino enterprise on property "Bowen" at Barraba in Northern NSW.

The Poll Hereford cow herd gradually expanded to 250 cows. Showing at major events & multi-vendor sales were the platforms for advertising and selling our product at the time.

In late 1980's Stuart and Ros progressed with bringing son Stephen into the operation with a hands on approach to management of the operation. Stephen's wife Jodi shares a passion for stud breeding, growing up on her parents Ken and Robyn's -Kenya Poll Hereford Stud. Both Stephen and Jodi had worked at various times on cattle operations in New Zealand, USA and Canada. Gaining valuable knowledge and experience of the cattle industry.

After working in the USA a decision was made to establish an Angus stud in 1995. At this time the wool industry was at an all time low and the flock of merinos were dispersed allowing more time to concentrate on the cattle enterprise.

Stephen and Jodi initiated their first on property Bowen bull sale in 1995 selling 30 Poll Hereford Bulls. The sale has continued annually on the 3rd Thursday in July, growing to the offering in this year's catalogue. The client base has grown over the years with 95% of the bulls going to repeat buyers, selling to most states of Australia.

Bowen Bull Sale – Bowen Poll Herefords have continually topped on property bull sales nationally for many years, with 2021's bull sale breaking the Poll Hereford bull sale average nationally.

Peakes Angus average being in the top end of on property sales averages nationally. 2021 results in Peakes Angus being in the top 5 Angus bull sales nationally.

Sons Nick and Josh with their wives Kim & Stacey, have joined the operation. Now involved in all parts of management, with a keen eye for stock and a love for agriculture. Both Nick & Josh have spent time in Canada on beef cattle operations.

We have expanded operation to include the property 'Uralba' at Emerald Hill. This has allowed younger stock to be off "Bowen" for the winter months and grow more hay and grain for our fodder reserves.

Originally the stud breeding aim had been to source the best sires available in the eastern states of Australia. With modern technology, genetics are now sourced world wide for sires that tick a multitude of boxes for structure, performance, carcass and maternal traits.

The worlds appetite for protein is growing rapidly.

With the ever increasing costs of production there is a need to focus on bloodlines that produce superior eating quality traits. The stock must also have yield, be efficient converters and excel in all traits previously mentioned.

The endeavor is to provide our client base with a product that can access a more lucrative markets. With the emphasis on the end user to drive demand.

TAKING DELIVERY OF YOUR NEW BULL

To help your new bull or bulls settle into their new home as well as possible, we recommend the following:

All Bowen bulls have been run in large mobs all their life, so they have had plenty of mates around, and have never been alone.

It is a good idea to have some of your own cattle in the yard when your new bull or bulls arrive, a handful of steers or some PTIC cows or even an old bull, just something to keep them company, whilst they survey their new surroundings.

At Bowen, we handle our cattle quietly and confidently, we always give our cattle respect, and our cattle respect us. We use a 4-wheel motorbike and a ute, with controlled use of dogs.

The bulls have not been handled with horses.

Handle your new bull or bulls quietly and with respect and he will settle into his new home well and will be easy to handle when the need arises.

The bulls are in good joining condition at point of sale, but it is imperative to ensure good nutrition for the bull during the joining period. You should check the bulls regularly to see they are working especially in the early stages of joining when the majority of problems occur and early intervention can minimise the damage to the bull and to conception rates.

When joining is complete bulls should be drenched and placed on good pasture to get back into first grade health without being allowed to get too over fat or too poor condition.

- 5 AUTO BID**
Can't stay for the whole sale? Set your maximum bid on the lot that you want to purchase and let the computer bid for you.
- 6 CONTACT SELLING AGENT**
If successful, contact selling agent to arrange payment and delivery. The agent contact details will be available in the catalogue header.
- 7 PAYMENT**
Via the selling agent's terms and conditions.
- 8 DELIVERY**
Arrange transport of livestock at your expense.

SALE DAY SAFETY

All the sale Bulls have been screened for temperament and are quiet to handle under normal circumstances. However, there are inherent risks associated with cattle handling.

People entering the yards are at risk of injury. We do not expect the Bulls to be aggressive with humans, but sale day places extraordinary pressure on them as they experience an entirely foreign environment.

Do not crowd the Bulls or loiter inside the pens. We cannot cover every example of the dangers of cattle handling, so please use common sense and be alert at all times. Don't enter the pens unnecessarily. If you feel threatened whatsoever, please do not act hardy.

Please call upon any of the agents for an escort through the Bulls if required. The days of bravado with stock have passed under current OH&S legislation.

Visitors Enter the cattle pens at their own risk.

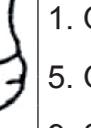

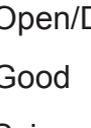

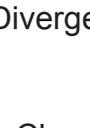

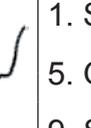

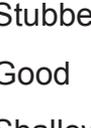

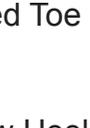

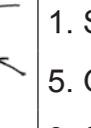

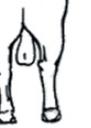

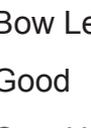

CHILDREN UNDER 16 YEARS OF AGE ARE NOT PERMITTED IN PENS.

Disclaimer:

Animals details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EVB's) and Index values, are based on information provided by the breeder or owner of the animal. whilst all reasonable care has been taken to ensure that

the information provided in this catalogue was correct at the time of publication, neither vendor Angus Australia, The Hereford Society, or the selling agents assume any responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

EXPLANATION OF THE BEEF STRUCTURAL ASSESSMENT SYSTEM

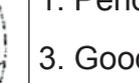

TRAIT	KEY	SCORING RANGE									
Claw Set - FRONT Claw Set - REAR	FC RC										1. Open/Divergent 5. Good 9. Scissor Claw
FRONT Feet Angle REAR Feet Angle	FA RA										1. Stubbed Toe 5. Good 9. Shallow Heel
Rear Legs Side View	RS										1. Straight 5. Good 9. Sickle Hocked
Rear Legs Hindview	RH										1. Bow Legged 5. Good 9. Cow Hocked

The Beef Class Structural Assessment System uses a scoring system of **1 to 9 scoring for feet and leg structure**. A score of **5** is ideal but a score of **4 or 6** includes a slight variation but this would most acceptable in any breeding program and would include most sound animals. A score of **3 or a 7** shows greater variation and indicates a greater variation from ideal. A score of **1 or 9** would be considered a cull and not catalogued.

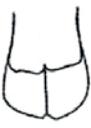

Scrotal: measured in cm's

Temperament: The temperament score, scores animals **1 to 5** with a score of **1** being ideal (docile) a score of **3** is less ideal (restless) and a score of **5** is aggressive or very agitated (scores of **1 and 2** are preferred)

Sheath and Navel Score: The sheath score indicates the tightness of the sheath **5** is clean tight and **1** is loose and undesirable.

Sheath and Navel	SN						1. Pendulous 3. Good 5. Clean/Tight
------------------	----	---	---	--	---	---	---

Structural Assessment Table Example:

STRUCTURAL ASSESSMENT								
CLAW SET FRONT	CLAW SET REAR	FRONT FEET ANGLE	REAR FEET ANGLE	REAR LEGS SIDE VIEW	REAR LEGS HINDVIEW	SCROTAL (cm)	TEMP.	SHEATH
								

All registered bulls in this catalogue have Genomic enhanced data evaluations & have been verified to their sires.

NOTICE TO BUYERS

Our bulls have been running in groups in the leadup to the sale, below is the mobs that are mates & used being run together. This may help to eliminate bulls fighting when they arrive at their new home.

Poll Hereford LOTS 1 to 3 – Live together

Poll Hereford LOTS 4 to 45 – Live together

Angus MOB 1 LOTS (47 to 66), (96 to 107), & (125 to 134) - Live together in a mob.

Angus MOB 2 LOTS (67 to 77), (108 to 114), & (144 to 156) - Live together in a mob.

Angus MOB 3 LOTS (78 to 88), (115 to 124), & (135 to 143) - Live together in a mob.

Angus MOB 5 LOTS (46 Charity Bull), & (89 to 95) - Live together in a mob.

HEALTH NOTES

All bulls have been treated with:

• **Tick Vaccinated**

- 2 x 7 in 1
- 2 x Vibrio Vax
- Longrange - botulism vaccination
- Zoetis Rhinogard
- Bovishield MH One
- Dectomax pour on

Pestivirus: All Bulls have been tested P.I. Free (persistently infected). All bulls have had 2 x Pesti Guard Vaccinations.

BEF: All bulls have been vaccinated for 3 Day Sickness.

Johnes Biosecurity Plan: Bowen is under the JBAS Level 6 Biosecurity plan

zoetis

All bulls are
QLD ready &
have been Tick
vaccinated.

LOOK FOR THE SIGN BUY WITH CONFIDENCE

All bulls in this sale have been vaccinated for clostridial diseases, leptospirosis, pestivirus, vibriosis and infectious bovine rhinotracheitis (IBR). They have also been tested for pestivirus and are not persistently infected.

Other regionally important vaccines may have also been administered to enhance protection.

A National Cattle Health Declaration will be provided.

COOPERS

THE ENTIRE PROCEEDS FROM ANGUS BULL - LOT 46 TO BE DIVIDED EQUALLY BETWEEN THE FOLLOWING FOUNDATIONS:

STUART PEAKE MEMORIAL CANCER RESEARCH TRUST

The Stuart Peake Memorial Cancer Research Trust was established in 2003 in memory of the late Stuart Peake, the founding principal of the Bowen Poll Hereford and Angus Studs. The Late Stuart Peake fought a long battle against the cancer Non Hodgkins Lymphoma.

The main objective of the trust is to donate the income generated by the trust investments to the cause of cancer research.

Since 2003 the trust has donated approximately \$54,000 to cancer research and the trustees intend to continue donating to cancer research not only for Non Hodgkins Lymphoma but all forms of this disease for years to come.

If you would like further information or to donate, please contact: David Kelly on 02 67821403

Email kelly@djkelly.com.au

Ruby Mae's Wish

Ruby Mae's Wish was established by Nick and Kim Peake (Ruby's Parents) after the unexpected tragic passing of Ruby (forever 4), to honour their beautiful daughter. Ruby always told people that she wanted to be a doctor (or a mermaid) so the main objective of the charity is to raise funds for Childrens Hospitals to purchase vital equipment or fund education, to help the doctors and nurses care for sick kids. In this way we believe that Ruby's spirit and caring nature can live on through helping others.

For more information or to donate please visit www.rubymaeswish.com.au

Westpac Rescue Helicopter Service

Proudly here for the people of Northern NSW

Since 1975 'community' has been at the heart of our Service, it's why we've long been proudly known as the "Community's Own" Westpac Rescue Helicopter.

For over 45 years, thanks to the generosity and support from people right across Northern NSW, the Westpac Rescue Helicopter has grown to become a vital 24-7 aeromedical operation. Community fundraising and strong partnerships has always been integral to ensuring the quality, reliability and sustainability of our operations continue. Every life we save and every person we assist, provides a reminder of the critical role we play in our community. For more information or to donate please visit

www.rescuehelicopter.com.au

LOT 1 **BOWEN U-STAR U019 (AI) (PP)** **BWNU019**
 Born: 16/4/23 POLL C-Homozygous Polled (PcPc),IEF,HYF,DLF, Eye Pigment: 100-100 Tattoo: U019

GLENDAN PARK PANAMA P004 (PP)
SIRE: YARRANDABBIE RICHARD R004 (AI) (PP)
 YARRANDABBIE ELAINE P011 (P)
 WIRRUNA MATTY M288 (AI) (ET) (PP)
DAM: BOWEN PRUNELLA Q072 (PP)
 BOWEN PRUNELLA M81 (P)

Notes: We used this young sire last spring as a yearling over our heifers after AI. He has three embryo transfer full brothers selling as lot 2, 3 & 39. U-Star U019 is a natural calf from donor dam Prunella Q072 sired by the impressive Yarrandabbie Richard R4 sire that sold for \$70k. He has an excellent spread of data which is very impressive. At weaning in April 2024, he had the third heaviest wean weight.

DAM: BOWEN PRUNELLA Q072 (PP)
 BOWEN PRUNELLA M81 (P)

Notes: We used this impressive Richard son over our yearling heifers after AI last year. It would be hard to find a bull with better bloodlines & data ratings. He has very short gestation length weighing 38kg at birth. His Donor dam Prunella Q72 is a beautiful female. Grand dam Prunella M81 sons have sold for \$36k & 30k at previous Bowen bull sales. His full flush brothers sell as lots 3 & 39, his maternal full brother sells as lot 1.

INJEMIRA ANZAC H006 M234 AI (AI) (PP)
DAM: BOWEN RUTH Q6 (P)
BOWEN RUTH M212 (AI) (P)

Notes:

United Nations U91 has excellent structure with a silky soft slick skin. At weighing & scanning in April he had the equal highest EMA measurement and the third heaviest weight in his mob. He has a champion pedigree containing the elite female lines of Blush, Tilly, Harmony & Ruth. Great grand dam Ruth J214 was an outstanding donor cow. This Remington R28 son excels in shorter gestation with high growth weight data analysis.

SIRE: SYDGEN BONUS 8084
 SYDGEN BLACKCAP 5371
 TUWHARETOA REGENT D145
DAM: PEAKES NUMERAL K658
 PEAKES NUMERAL F44

Notes: There is a lot to like about this bull, he will be an outstanding sire. He has an out cross pedigree with sire Sydgen Bonus. His donor dam Numeral K658 has been a prolific breeder with many daughters retained in our stud. Her sons have sold to a top of \$40k for son Novak R544 selling to Coffin Creek & Coolie Angus studs at 2022 Bowen Bull Sale. Bonus U550 rates highly for his RBY, EMA, carcass & growth weight data evaluations.

MILWILLAH IN FOCUS B115

DAM: PEAKES BOWEN LULU M612
PEAKES LULU J692

Notes: A real sire prospect here. Prime Minister U337 excels in phenotype & structural integrity. He strides the full gate effortlessly & is so fluent in his motion. Always with his head held high and stands so stoutly & balanced. Dam line is from the cornerstone Lulu cow family tracing back to the prolific donor dams W27 & L13. This bull certainly excels in weight for age highlighting his short gestation length & high marbling data. His pedigree traces back to Infinity & In Focus B115, we have used both sires extensively over heifers. We are very impressed with the Prime Minister P758 progeny they tick a lot of boxes for temperament, feet, weight for age, soundness & carcass merit. We believe this son is a real bull breeding bull. We will be retaining semen for future use.

MILLAH MURRAH PARATROOPER P15
SIRE: MILLAH MURRAH REMBRANT R48
MILLAH MURRAH ABIGAIL N60
PEAKES BOWEN TOTAL FOCUS M794
DAM: PEAKES BOWEN NUMERAL Q593
PEAKES NUMERAL H562

Notes: Rembrant U480 is a typical angus sire with his fantastic thick carcass & deep barrel. He expresses all the traits that the Angus breed is renowned for. We used this sire over yearling heifers after AI last spring as a yearling. He has excellent short gestation weighing 37kg at birth, with high RBY & carcass weight credentials. He is the second calf from Numeral Q593, his maternal sister has been retained in our stud. Grand dam Numeral H562 has been a sound breeder with many daughters retained in our stud & her sons have sold to \$24k at previous Bowen bull sales.
