WELCOME TO HOBBS LIVESTOCK

Dear Valued Customers,

We are delighted to introduce you to Hobbs Livestock, a family-owned and operated business dedicated to delivering the highest quality Simmental and Angus genetics in the industry. As Stuart and Kylie Hobbs, proud parents of Isaac, Henry, and Sophie, we are thrilled to share our passion for cattle breeding with you.

With a proven track record of success at the Simmental National event, we have consistently achieved remarkable prices, with bulls selling for up to \$32,000 and females reaching up to \$10,000.

We warmly invite you to our 3rd on-property bull sale, where you can explore our exceptional lineup of Red and Black Simmental bulls and females, as well as Black Angus bulls and females. Our journey began in 2012 when we established our Red and Black Simmental Stud by importing our first embryos from Canada. Since then, we have utilized cutting-edge ET programs to expand our herd while upholding uncompromising standards of excellence.

As you review the pedigrees of the bulls and females in our sale, you will undoubtedly recognize the significant influence of the esteemed Keepsake cow family, which has played a pivotal role in our achievements. In 2017, we made a significant stride by acquiring Angus foundation females from the renowned Yamba Angus Stud, and in 2020, we welcomed Premier Jestress H66 into our Hobbs Livestock family. These outstanding foundation cows, influenced by the exceptional genetics of Yamba Lawsonia P140 and Premier Jestress H66, have produced sons that have sold for an impressive \$20,000 and daughters fetching \$22,000 and \$28,000, highlighting the caliber of our breeding program.

At Hobbs Livestock, we are unwavering in our focus on breeding commercially-oriented cattle that excel in all aspects of breeding operations. We prioritize structural soundness, fertility, temperament, and carcass quality, ensuring our cattle possess optimal fat cover and performance. The bulls and females selected for this sale meet the highest industry standards, providing you with complete confidence in your purchasing decisions.

To ensure the quality and health of our animals, we have implemented comprehensive testing measures. Each of our bulls and females has undergone rigorous testing, including GGP100k testing, PI testing, parent verification, color testing, poll testing, full veterinary checks, and semen testing. Our commitment to transparency and excellence guarantees that you acquire cattle of the highest caliber.

This year, we proudly exhibited two Simmental steers at the Sydney Royal Easter Show, with both steers selected in the Stan Hill Trophy Team. Our Black steer was awarded Champion Middleweight Steer—a significant achievement—and went on to sell for \$10.55 per kg live weight.

This year, we had the honor of attending the prestigious World Angus Forum, where our cattle received tremendous appreciation from attendees around the globe. We showcased a remarkable pair of females in our sale, both sired by a P140 son and out of H66. We are pleased that the pick of this exceptional pair sold for an impressive \$28,000 to Gumnut Downs and Ballawinna Angus, both based in Western Australia.

This achievement underscores our commitment to breeding top-tier genetics and highlights the growing recognition of our cattle on the international stage. Thank you for your continued support as we strive for excellence in the Beef Industry.

We eagerly look forward to welcoming both new and existing clients to our 3rd Annual Bull Sale. Join us in experiencing the exceptional quality and unwavering excellence that Hobbs Livestock is renowned for.

Warmest regards,
Stuart & Kylie Hobbs
Hobbs Livestock

SALE INFORMATION

SALE DATE AND PRIOR INSPECTION TIME

The 3rd Hobbs Livestock On Property Sale will take place on Wednesday 13 August 2025.

9:00am-Inspection

Bulls and Females may be inspected from 9:00am on the morning of the sale, or at any other time by arrangement with agent or vendors.

1:00pm- Hobbs Livestock Bull Sale followed by 17 Females

System will be live auction on site interfaced with AuctionPlus. See details at www.auctionplus.com.au.

HOW TO GET TO THE SALE

'Rosehill' 33 Burgess Road is a short 10min drive from Molong. Take Packham Drive towards Manildra for 10 kilometres. Turn Right onto Burgess Road, follow for 500 metres then turn left. Will be sign posted on Sale Day.

SELLING SYSTEM

Sale of the bulls will be conducted under normal auction conditions.

Please check with the Selling Agents to obtain a buyer's number if you are considering making a purchase. Successful purchasers are requested to give written advice to the Selling Agents regarding transport arrangements at the conclusion of the Sale.

BULL AND FEMALE VACCINATION

Blooded for tick fever, 3 Day Sickness, Vibro, Pestiguard and 7in1.

TRAVEL, ACCOMMODATION AND DINING

There is One motel located in Molong and the Telegraph Hotel and we are a 40min drive to Orange, which has an extensive selection of accommodation and restaurants. Orange has a regional airport.

REBATE

2% rebate to outside Agents registering BUYERS, in writing, 24 hours PRIOR to the Sale and settling on their behalf within seven days of the date of Invoice.

PHONE BIDDING

The sale will also be on AuctionPlus or contact the selling Agents.

CATERING

We invite you to enjoy a free lunch and morning tea on us.

INSURANCE

We highly recommended to insure your purchase, especially for the first six months of their working life. There are a few options available please see our Agents for more details.

REGISTRATION

Ownership transfer of bulls will be registered by the vendors with Simmental Australia and Angus Australia, please make sure accurate transfer details are on the Buyers Instruction form.

GST

All animals are sold excluding GST. Sale of the bulls will be conducted under normal auction conditions. Please check with the Selling Agents to obtain a buyer's number if you are considering making a purchase. Successful purchasers are requested to give written advice to the Selling Agents regarding transport arrangements at the conclusion of the Sale.

FREIGHT ASSISTANCE

Is available to Major Selling Centres within 1000km radius, Terms and Conditions apply, for more information contact Stuart Hobbs 0400 660 968.

SALE INFORMATION

WARRANTY

The vendor warrants that:

Bulls are fertile and capable of natural services within six months of the date of Sale to the purchaser (Warranty Period).

The vendor will either:

1. Provide a satisfactory replacement: or
2. Provide a credit for use at the next Hobbs Livestock sale equal to the purchase price (excluding any costs and expenses of the purchaser in taking delivery) minus salvage value.

Where:

1. The purchaser claims a bull is infertile, upon purchaser submitting 2 x Veterinary reports 10 weeks apart stating the bull is infertile (semen) OR 1 x Veterinary report stating the bull is capable of natural service, and a Statutory declaration by the purchaser to the effect that the substance of the report is true or correct. The Veterinarian must state that in their opinion there is no evidence that the bull has suffered any injury or illness during the Warranty period which could have affected his breeding ability.
2. The Veterinary report and Statutory declaration must be forwarded to vendor within 14 days if the Warranty Period expiring.

BULL HANDLING

On arrival at their new home, it is important a suitable mob of animals is yarded to greet the bull to minimise his stress.

The bulls are in good joining condition at the point of Sale, but it is imperative to ensure good nutrition for the bull during joining period. You should regularly check the bulls to help minimise the damage to the bull. After joining we highly recommend being drenched and

placed on a good pasture paddock to help get back into good condition.

HEALTH AND SAFETY OF VISITORS AT OUR SALE (RULES AND ADVICE)

Visitors enter the cattle pens at their own risk.

Children must not enter the yards.

All persons who attend the sale do so at their own risk and the vendor assumes no liability, legal or otherwise, for any accidents which may occur.

DISCLAIMER:

Every effort and all reasonable care have been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of printing. However, neither the vendor or selling agents take responsibility regarding accuracy, reliability or completeness of the information provided, and do not assume any responsibility for the use or interpretation of this information.

*Dear Customers,
At Hobbs Livestock, we kindly ask that all animals purchased at our sale be insured. We prioritise the health and wellbeing of our livestock and want to emphasise that the responsibility for the bulls will be transferred to the buyer once the sale is completed. We appreciate your understanding and cooperation in this matter.*

Additionally, animals are welcome to stay at Hobbs Livestock after the sale while transportation arrangements are made. However, please note that the maximum allowed duration is two weeks, unless alternative arrangements have been made. It is important to ensure that all animals are insured during their stay.

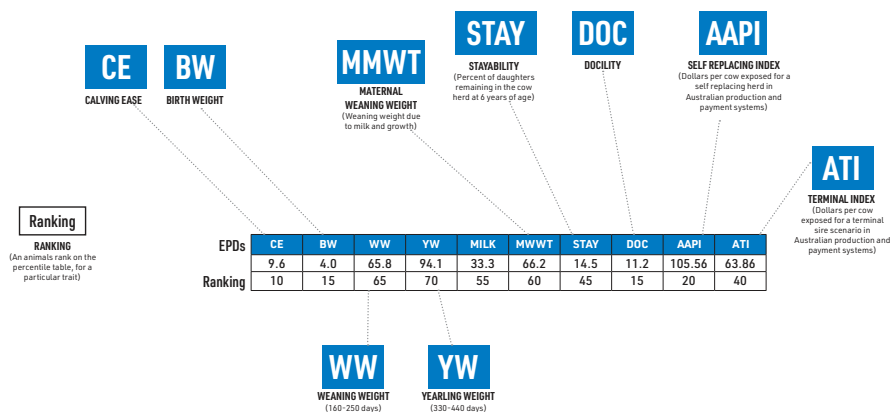

Thank you for your cooperation.

IGS/EPD INFORMATION

With the introduction of the IGS performance recording system for Simmental cattle, IGS is the world's largest animal performance recording system.

One of the major changes is the breeding figures being reported as Estimate Progeny Differences (EPDs), rather than Estimated Breeding Values (EBVs). The difference between the two is simple.

Effectively, an EBV is an animal's own genetic value for a particular trait. However, the animal can only pass half of this onto their progeny. EPDs have the "half" already accounted for. That is, an EPD is the genetic merit of an animal's progeny – what they will pass onto their progeny.

Simmental - Traditional, Fullblood and Simbrah Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MMWT	STAY	DOC	CW	REA	FAT	MARB	YG	AAPI	ATI	API	TI
EPD	5.29	5.55	71.91	100.96	26.54	3.63	62.41	13.40	9.06	20.18	0.77	-0.11	-0.08	-0.48	46.34	36.45	95.70	63.95

Black, Red, SimAngus and SPR Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MMWT	STAY	DOC	CW	REA	FAT	MARB	YG	AAPI	ATI
EPD	10.2	2.3	76.7	115.7	21.2	5.6	59.4	115.7	12.4	28.4	0.82	-0.077	0.10	-0.38	62.19	55.19

Polled and Coat Color Information:

PP - Homo Polled - the bull carries two copies of the polled gene

Homo Polled Homo Polled 100% Polled
Hetero Polled 100% Polled
Horned 100% Polled

Pp - Hetero Polled - the bull carries one polled gene and one horned gene

Hetero Polled Homo Polled 100% Polled
Hetero Polled 75% Polled, 25% Horned
Horned 50% Polled, 50% Horned

Homo Black - the bull carries two copies of the black gene

Homo Black Homo Black 100% Black

Hetero Black 100% Black
Red 100% Black

Hetero Black - the bull is black in color, but carries one black gene and one red gene. Black is dominant to red, so the red color is not expressed when it is paired with a black gene.

Hetero Black Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 50% Black, 50% Red

Red - the bull carries two copies of the red gene. This example assumes the bull is diluter free.

Red Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 100% Red

How to register as an AuctionsPlus User/Buyer

01.

- ✓ Create an account on AuctionsPlus and set up your security PIN.

- ✓ Verify your email and phone number.

02.

- ✓ Verify your ID.

- ✓ Enter your PIC number, ABN, and business details if applicable.

- ✓ Read and accept the user rules and responsibilities.

03.

- ✓ Finalise registration by completing the user quiz.

Notes - Something very Special on offer here and a once off opportunity. We got asked a lot if we would sell this female and our answer was a NO as U5 is to replace her Dam in P140. We offered her Full ET sister in our sale last year as a Pick of the Pair which made \$22,000. We are offering 1 successful Flush with the Minimum of 4 A Grade Embryos and a Maximum of 8 A Grade Embryos anything over 8 will be split by the vendor and purchaser. Purchaser to pay all Flushing Costs and Flushing to be done by Holbrook Breeders.
