Welcome to Leawood Angus

We are pleased to invite you to our **2026 Autumn Bull Sale** to be held on **30th March at 1:00pm**.

As you pass by Leawood, you may notice several on-farm developments, including expanded irrigation and continued improvements to overall farm layout. Another significant change in recent years has been the scale of our cow herd. From calving 750 cows in 2022, we have strategically reduced numbers to 550 head for the 2026 season. This decision has enabled us to apply greater selection pressure and maintain the highest standard of female quality within the herd. We remain deeply committed to breeding the style of functional, commercially relevant genetics that have underpinned our program for over 82 years.

This year's sale draft is led by elite New Zealand sires, complemented by our proven and reliable homebred Leawood genetics. We are extremely pleased with the development of the Autumn draft, with 52 bulls recording outstanding growth rates of up to 1.6 kg per day off grass. The offering represents the progeny of 17 different sires, combining the strength and predictability of Leawood bloodlines with carefully selected imported New Zealand genetics. This depth of breeding enables us to present a highly uniform, performance-driven line of bulls.

Rangatira Charlie 20-1034 — a high-capacity, deep-bodied, consistent sire with exceptional carcass attributes.

Cricklewood Pandemic P056 — a powerhouse sire renowned for adding carcass strength and consistency. Pandemic led our 2025 Autumn Sale, averaging \$14,000 across eight sons.

Sudeley Viking 18101 — a standout of New Zealand's 2020 sale season and widely regarded as one of the most impressive sons of the legendary Matauri Reality 839. Viking offers exceptional depth, width, and softness — traits ideally suited to Gippsland conditions.

Leawood Sires — We stand firmly behind our homebred program. Leawood Pirate P391 remains our most heavily used sire, consistently adding length, frame, and structural correctness. Q272 and N279, both sons of Merchiston Steakhouse 489, inject outstanding depth and high-quality carcass traits. Additional sire lines to inspect include Leawood Razor R347, Leawood Ryder R453, and Leawood Saturn S394 — three highly regarded, moderate, thick-set bulls with excellent muscle expression.

We encourage you to make contact prior to the sale so we can assist in identifying the bulls best suited to your breeding objectives.

SALE INFORMATION

INSPECTIONS

On farm inspections and viewing of sale cattle welcome anytime. Cattle yarded will be in pens ready to be inspected from 11am on sale day or prior to sale day by appointment only.

REBATE

Please register before sale to enable a smooth event. A rebate of 2% is offered to outside agents who attend the sale with or on behalf of their clients in writing prior to sale.

BULLS TREATMENTS

Bulls have been freeze-branded, vaccinated with BL2, ADE, 7:1 and also drenched with pour-on, in February 2026. Bulls are protected from transmitting reproductive diseases with Pestigard and Vibrovax Jan-Mar 2026. Scanned by Max Bowman and semen tested by Ian Moreland crush side.

**ANNUAL BOOSTER
RECOMMENDED**

zoetis

BULL GUARANTEE

To the best of our knowledge all our sale bulls are structurally sound, fertile and free of disease. If a bull seems to have an issue due to infertility or broken down, due to reason other than injury, misadventure or negligence, we will provide you with a satisfactory replacement or credit the purchaser the bulls value minus salvage costs. Feel free to get in contact with us at any time to discuss.

FREE BULL DELIVERY

Leawood will provide free delivery on sale bulls throughout Victoria. Delivery will be conducted the following weeks after the sale in conjunction with local carriers and our trusty driver.

CATERING

Light luncheon and drinks will be available from 12pm provided by Flynn CWA.
