WELCOME TO HOBBS LIVESTOCK

Dear Valued Customers,

We are delighted to welcome you to another exciting year at **Hobbs Livestock**. As a family-owned and operated business, we remain dedicated to producing high-quality **Simmental and Angus genetics** with a strong focus on performance, functionality, and profitability for the commercial beef industry.

As Stuart and Kylie Hobbs, along with our children Isaac, Henry, and Sophie, we are incredibly proud to share our passion for cattle breeding and the journey we continue to build with our clients and supporters.

Over the years, Hobbs Livestock has proudly established itself as a leading source of quality genetics, achieving outstanding results at the **Simmental National event** and through our annual on-property sales. We have consistently seen strong demand for our cattle, with bulls selling to \$32,000 and females reaching up to \$10,000, a testament to the quality and consistency of our breeding program.

We warmly invite you to join us for our **4th Annual On-Property Bull Sale**, where we are excited to present an outstanding lineup of **Black Simmental and Black Angus bulls**. These bulls represent years of careful selection, investment, and commitment to producing cattle that deliver in real-world commercial environments.

Our journey began in 2012 when we established our Red and Black Simmental Stud through the introduction of our first embryos from Canada. Since then, we have continued to invest in elite genetics and advanced ET programs, allowing us to build a herd that combines exceptional performance with structural integrity and longevity.

When studying the pedigrees throughout this year's catalogue, you will once again see the significant influence of the renowned **Keepsake cow family**, which has been a cornerstone of our success. In 2017, we expanded our program with the acquisition of Angus foundation females from the highly respected **Yamba Angus Stud**, followed by the addition of **Premier Jestress H66** in 2020.

These foundation females, along with the influence of exceptional genetics such as Yamba Lawsonia P140 and Premier Jestress H66, continue to produce outstanding progeny, with sons selling to \$40,000 and daughters reaching \$22,000 and \$28,000. These results highlight the strength, consistency, and breeding value of the genetics we are offering.

At Hobbs Livestock, our focus remains firmly on breeding cattle that perform in the paddock and deliver results for our clients.

We place strong emphasis on structural soundness, fertility, temperament, growth, and carcass quality. Every bull selected for this sale has been carefully assessed to ensure they meet the standards we expect from our own operation.

To provide confidence in your purchasing decisions, all bulls have undergone comprehensive testing including **GGP100k testing, PI testing, parent verification, colour testing, poll testing, full veterinary checks, and semen testing**. Our commitment to quality assurance and transparency ensures you are purchasing genetics backed by proven performance.

Our Autumn bulls have faced a challenging season with a difficult autumn break following a late Sorghum crop, leaving limited feed options. They have been managed on a combination of silage, oaten hay, and approximately 350kg of oats in a mix before transitioning onto cereal crops with continued access to oaten hay. Despite the challenges, the bulls have continued to develop well and are presenting strongly.

Our yearling bulls have had an exceptional start, being weaned onto oat crops and given the opportunity to express their genetic potential from an early age.

We are incredibly excited about the future of Hobbs Livestock and look forward to welcoming both new and returning clients to our **4th Annual Bull Sale**. We invite you to inspect the bulls, view the genetics behind them, and experience the quality and commitment that has become synonymous with Hobbs Livestock.

Thank you for your continued support and we look forward to seeing you on sale day.

**Warmest regards,
Stuart & Kylie Hobbs
Hobbs Livestock**

SALE INFORMATION

SALE DATE AND INSPECTION

The 4th Hobbs Livestock On-Property Sale will take place on Wednesday, 12 August 2026.

10.00am-Bull Inspection

(or by prior arrangement with the vendors or selling agents).

1:00pm- Hobbs Livestock Bull Sale

The sale will be conducted as a live on-property auction, interfaced with AuctionsPlus. For online bidding details, visit www.auctionsplus.com.au.

HOW TO GET TO THE SALE

'Rosehill' 33 Burgess Road, Molong NSW

Rosehill is located approximately 10 minutes from Molong. Travel along Packham Drive towards Manildra for approximately 10 kilometres, turn right onto Burgess Road, continue for 500 metres, then turn left into the property.

Directional signage will be in place on sale day.

SELLING SYSTEM

Sale of the bulls will be conducted under normal auction conditions.

Prospective purchasers are requested to register with the Selling Agents prior to the sale to obtain a buyer's number.

Successful purchasers are asked to advise the Selling Agents of their preferred transport arrangements immediately following the sale.

BULL HEALTH PROGRAM

All sale bulls have been vaccinated for: Tick Fever; Three Day Sickness; Vibrovax; Pestigard; 7 in 1.

TRAVEL, ACCOMMODATION AND DINING

Accommodation is available at the motel and Telegraph Hotel in Molong.

Alternatively, Orange is only a 40-minute drive away and offers a wide range of accommodation, restaurants, cafés and a regional airport.

AGENT REBATE

A 4% rebate is offered to outside agents who: Introduce approved buyers to the Selling Agents at least 24 hours prior to the sale;

Attend the sale with their client or on their behalf; and
Settle accounts within 10 days.

A 2% rebate is offered where:

Approved buyers are introduced at least 24 hours prior to the sale;
The introducing agent does not attend the sale; and
Settlement is completed within 10 days.

PHONE & ONLINE BIDDING

Phone bidding is available through the Selling Agents.

The sale will also be conducted live via AuctionsPlus.

CATERING

Please join us for complimentary morning tea and lunch on sale day.

INSURANCE

We strongly recommend insuring your bull purchase, particularly during the first six months of their working life.

A range of insurance options will be available on sale day. Please speak with the Selling Agents for further information.

REGISTRATION

Ownership of all registered bulls will be transferred by the vendors through Simmental Australia and Angus Australia.

Please ensure your Buyer Instruction Form is completed accurately to avoid delays in the transfer process.

GST

All sale lots are offered exclusive of GST. GST will be added to the purchase price at the fall of the hammer.

FREIGHT ASSISTANCE

Freight assistance is available on multiple bull purchases to major selling centres throughout New South Wales and to Roma and Dalby, Queensland. Terms and conditions apply.

For further information, please contact Stuart Hobbs on 0400 660 968.

SALE INFORMATION

WARRANTY

At Hobbs Livestock, we stand behind the quality of the cattle we produce.

All sale bulls are guaranteed to be fertile and capable of natural service for a period of six (6) months from the date of sale, provided they are managed under normal conditions.

Should a bull prove to be infertile during this period, Hobbs Livestock will, at our discretion:

1. Provide a suitable replacement bull; or
2. Issue a credit equal to the purchase price (less any salvage value), redeemable at the next Hobbs Livestock Bull Sale.

To support a warranty claim, purchasers must provide:

1. Two veterinary semen test reports completed approximately 10 weeks apart confirming infertility; or
2. One veterinary report confirming the bull is incapable of natural service.

The attending veterinarian must also certify that, in their opinion, the bull has not suffered injury, illness or any other event that may have affected its breeding ability during the warranty period.

A Statutory Declaration confirming the details of the claim must accompany the veterinary report(s). All documentation must be received within 14 days of the expiry of the six-month warranty period.

SETTLING YOUR NEW BULL

The journey to a new property can be stressful for any animal. To help your bull settle quickly, we recommend introducing him to a suitable mob of cattle on arrival.

Our bulls are presented in sound working condition and are ready to go straight into your breeding program. Throughout the joining season, ensure your bull has access to quality nutrition, clean water and is checked regularly for any signs of injury or excessive weight loss.

Following joining, we recommend drenching where required and allowing your bull time on quality pasture to regain condition before the next breeding season.

VISITOR SAFETY

The safety of our visitors is important to us.

While we welcome everyone to inspect the cattle, all visitors enter the sale premises and cattle yards at their own risk.

For everyone's safety, children must not enter the cattle yards at any time.

Hobbs Livestock and the Selling Agents accept no liability for any accident, injury or loss that may occur while attending the sale.

DISCLAIMER

Every effort has been made to ensure the information contained within this catalogue is accurate at the time of printing.

However, Hobbs Livestock and the Selling Agents accept no responsibility for any inadvertent errors or omissions and encourage purchasers to make their own assessments when inspecting the cattle offered for sale.

A MESSAGE TO OUR BUYERS

Thank you for your interest in Hobbs Livestock and for your confidence in our breeding program.

From the moment the hammer falls, responsibility for your purchase passes to the buyer. For this reason, we strongly encourage all purchasers to arrange livestock insurance immediately following the sale.

We are more than happy for purchased bulls to remain at Hobbs Livestock while transport is being organised for up to two weeks, unless other arrangements have been made with us. During this period, we ask that all bulls remain fully insured.

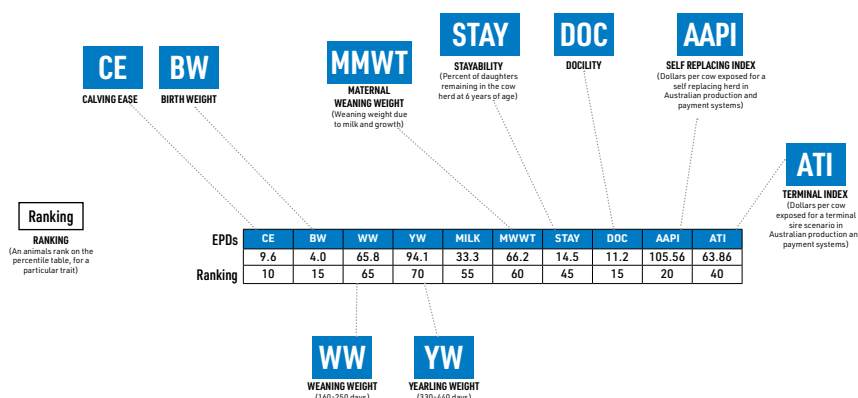

We appreciate your support and look forward to seeing the success of our genetics in your herd for years to come.

IGS/EPD INFORMATION

With the introduction of the IGS performance recording system for Simmental cattle, IGS is the world's largest animal performance recording system.

One of the major changes is the breeding figures being reported as Estimate Progeny Differences (EPDs), rather than Estimated Breeding Values (EBVs). The difference between the two is simple.

Effectively, an EBV is an animal's own genetic value for a particular trait. However, the animal can only pass half of this onto their progeny. EPDs have the "half" already accounted for. That is, an EPD is the genetic merit of an animal's progeny – what they will pass onto their progeny.

Simmental - Traditional, Fullblood and Simbrah Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MWWT	STAY	DOC	CW	REA	FAT	MARB	YG	AAPI	ATI
EPD	5.3	5.6	72.1	101.2	26.6	3.7	62.5	13.6	8.9	20.1	.78	-0.112	-0.09	-0.48	46.19	36.13

Black, Red, SimAngus and SPR Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MWWT	STAY	DOC	CW	REA	FAT	MARB	YG	AAPI	ATI
EPD	10.2	2.3	76.7	115.7	21.2	5.6	59.4	15.4	12.4	28.4	0.82	-0.077	0.10	-0.38	62.19	55.19

Polled and Coat Color Information:

PP - Homo Polled - the bull carries two copies of the polled gene

Homo Polled Homo Polled 100% Polled
Hetero Polled 100% Polled
Horned 100% Polled

Pp - Hetero Polled - the bull carries one polled gene and one horned gene

Hetero Polled Homo Polled 100% Polled
Hetero Polled 75% Polled, 25% Horned
Horned 50% Polled, 50% Horned

Homo Black - the bull carries two copies of the black gene

Homo Black Homo Black 100% Black

Hetero Black 100% Black
Red 100% Black

Hetero Black - the bull is black in color, but carries one black gene and one red gene. Black is dominant to red, so the red color is not expressed when it is paired with a black gene.

Hetero Black Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 50% Black, 50% Red

Red - the bull carries two copies of the red gene. This example assumes the bull is diluter free.

Red Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 100% Red
