Lot 72 Karragarra 908

Sire Reference

Traditional Simmentals

Grangeburn Spiderbait (P)

A bull that has stamped depth of body, easy fleshing and sound structure into his calves. They exhibit great temperaments and good heads. We have always watched the consistency of his sire Masters Pride and it has bred on. We always say that bulls that are bred consistent, breed consistent. A bull that ticks all the boxes and has bred the type we like.

Grangeburn Sargent Shotgun

A bull that goes back to the legend himself – Billa Park Churchill. As soon as we saw him he resembled so much of what made Churchill so great. Real natural grunt, Real thickness, slick skin and good feet. He gave us a outcross maternal line that continues to deliver. He sons are long, meaty and are commercial relevant.

Lucrana Legend (P)

A sire that has really suited what we do with our program. He breeds sleek skinned, moderately framed animals with loads of meat. They're soft and fleshy and are super correct on feet and legs. His daughters are functional, good uddered and fertile. He was purchased in 2017 and has been our most successful outside blood sire we have used over the past 10 years.

Casa Toro Riverland (P)

When we first saw Riverland we knew he was the bull for us. He has that natural sleek hair type we chase as well as a powerful body and outlook. The strength of his female line also sealed it for us going back to the great old Billa Park D25 cow. His progeny are clean coated and long with good structure.

Sire Reference

Traditional Simmentals

Karragarra Queenslander

Well they don't make bulls this deep, soft and full of meat very often. Originally sold as top price at our 2021 sale we regained possession after the new owners lost their agistment country. We couldn't be happier he returned home. His sons are square made, soft, full of meat and have outstanding feet. His daughters are loose hided and we can't wait to see what they deliver.

Glenanna Superstar (PP)

Purchased as a yearling bull for \$28,000. He was a complete outcross, but is a similar type to the bulls we breed. He has fitted straight in and is doing a good job. A long soft and correct made bull who is clean coated and quiet as a mouse.

Karragarra Sanchez (P)

Our retained Nanango son on a moderate frame. A real eye-catching powerhouse that is as thick as you can get. His calves never disappoint – they're thick and beefy with real in the paddock doing ability – full of soft beef they have sleek coats and loose hides.

Karragarra Remington

Used as a cover bull after a bull being injured. He had so much bone and loose skin. Super deep and extra fleshing his thickness and carcass were stand outs.

Tennysonvale Rasper (PP)

Selected for his correct structure, moderate muscle and outcross bloodlines. We have used him on our first calving heifers with great success. Calves are born small and grow quickly. We recommend his progeny for use on heifers.

Billa Park Blaze (P)

The last of the Billa Park sires we have in our sire battery. A super loose and soft bull with great bone. His daughters are just hitting production, and that looseness of skin and milking is evident. Always a prolific worker. Expect added fat cover and high IMF in his son's without compromising on EMA.

954 14/11/24 22mth Homo Poll

Billa Park Notetaker (PP)

Casa Toro Riverland (P)

Billa Park Glee G124

An absolute ripper of a bull to start our sale. He stands for everything we aim to breed. Deep, soft, full of meat with a soft and supple hair type. Add in good bone, bomb proof temperament and being Homo Poll he ticks nearly every box.

Karragarra Herd Cow

\$

#2 KARRAGARRA 1001

1001 25/10/24 23mth Horn

Billa Park High Impact

Billa Park Blaze (P)

Bushlands 899

Dark red bull that is square, thick and full of meat. No matter what market you are targeting this bull will perform in all.

Billa Park M69

\$

#3 KARRAGARRA 863 (P)

863 17/11/24 22mth Poll

Billa Park High Impact

Billa Park Blaze (P)

Bushlands 899

A stylish and super sound Blaze son that offers plenty. Long and smooth with extra loose dulp and skin. A half brother sold to the Donaldson family at Alpha for \$26,000 in our 2025 sale. We considered retaining him due to his high producing dam. So he definitely is one of our favourites.

Billa Park Herd Cow

\$

#4 KARRAGARRA 977 (PP)

Sire Reference

Black Simmentals

Elite Sweepstake (PP)

Selected for \$30,000 out of the Elite sale. With his bone, carcass, square body shape and great temperament, we knew we were onto something. His dam line is one of the best and most consistent producers in the elite herd and Sweepstake has delivered that consistency for us.

St Pauls Time Keeper (PP)

Purchased out of the 2023 Elite sale as a 15month old. He looked like a traditional type with soft skin and dulpap but in a Black coat. He is a real worker in the paddock and throws his bone and style into both sons and daughters.

Woonallee Teammate T70 (PP)

Selected as a yearling that offered huge bone and square carcass shape. He was big topped but unfortunately didn't get many calves before death.

Spring Creek Lotto

Was used as an AI sire over the Jarravale Cows before purchased. We have retained a black son for use over our heifers. He offers moderate frame but are easy doing and sound.

Woonallee GenTen S552 (PP)

A middle of the road black bull that carries himself well. His progeny have a good middle of the road muscle pattern with neck extension and length of body.
